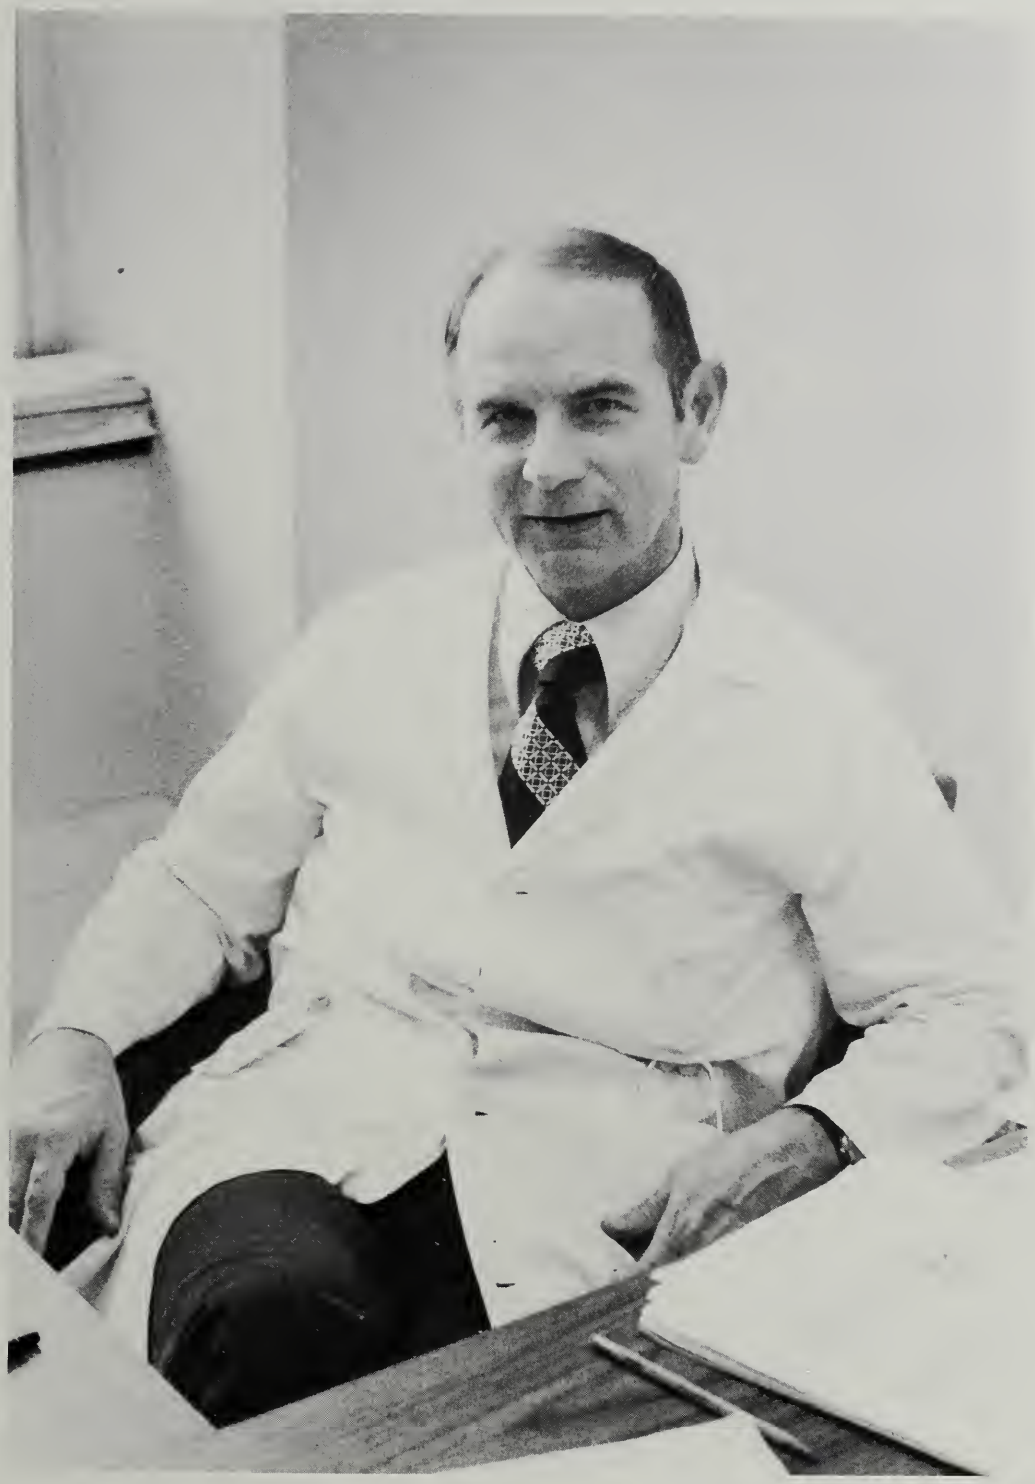
Terra Mariae Medicus

1973

"This thou must always bear in mind; what is the nature of the whole, and what is thy nature, and how this is related to that, and what kind of a part it is of what kind of a whole; and that there is no one who hinders thee from always doing and saying the things which are according to the nature of which thou art a part."

MARCUS AURELIUS
in *MEDITATIONS*



ARLIE R. MANSBERGER, JR.

The Class of 1973 wishes to extend a special thank you to a fine teacher.

SOPHOMORE THINGS

8:41 He arrives late, as usual. There are 39 people in class. The lecturer comments about the massive traffic jam on Greene Street, then commences on the subject of the day.

8:58 His mind begins to wander. He wonders why there would be a traffic jam at eight-thirty on a Tuesday morning. He plays tricks with the colors of the lecturer's bow-tie. His pen slips from his hand, making a loud, clattering noise when it hits the floor.

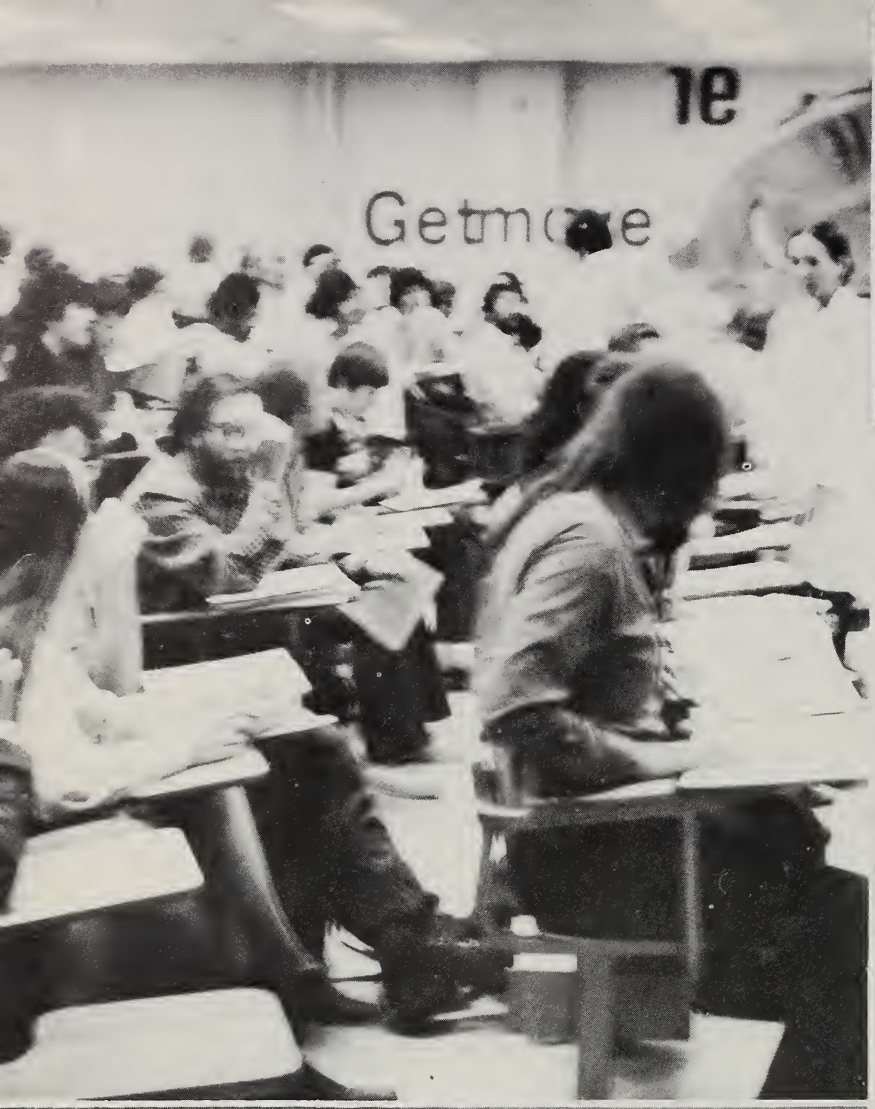
9:00 Twenty minutes to go. He thinks about drugs and the relevancy of Casteneda's *The Teachings of Don Juan* to medical pharmacology. He wonders why he came to school today.

9:27 The lecturer asks if the time is almost up (a neophyte, obviously), then promises to take only five more minutes.

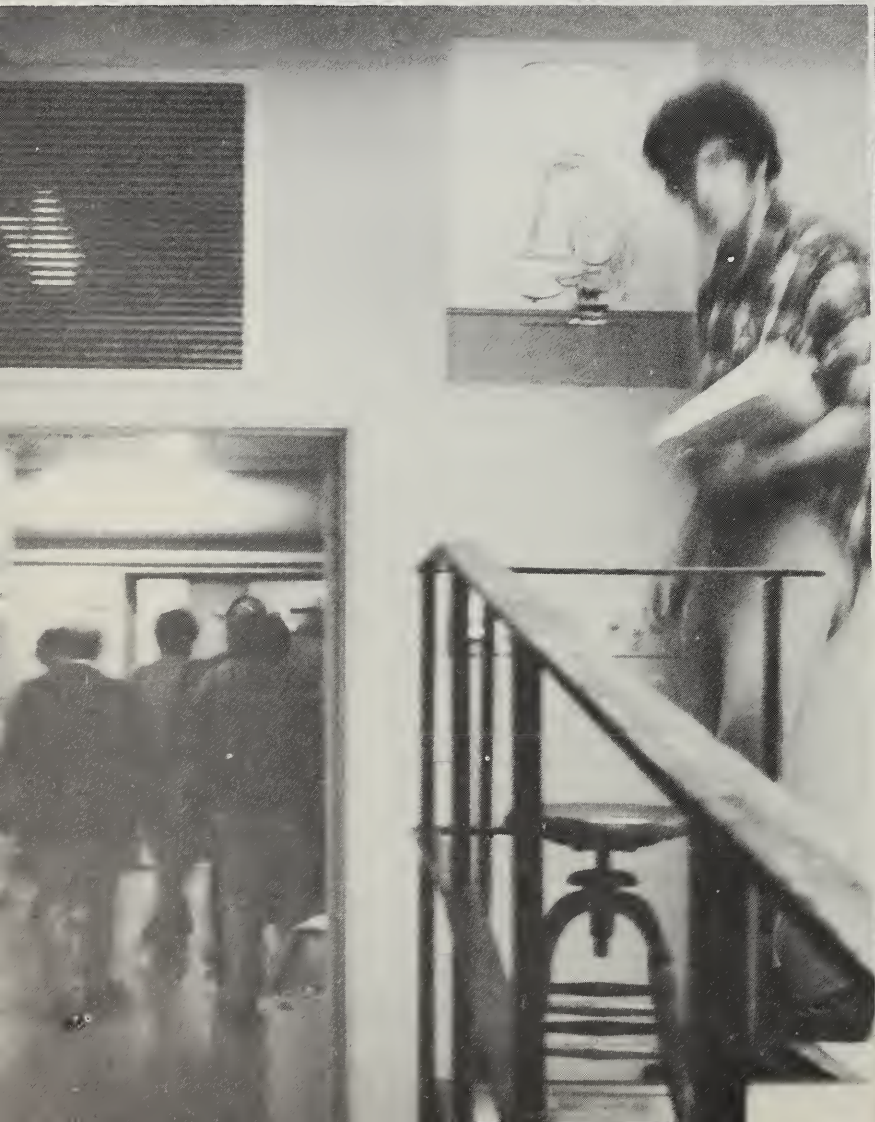
9:40 Break.

9:55 Someone, returning to class, trips and spills coffee on her notebook.

10:30 He observes the class (57 now present). Eleven are scribbling furious-



Getmore



ly, four are listening attentively without taking any notes, nine are doodling. Six are asleep. The rest are observing each other.

10:45 Break.

11:00 A brief quiz. He answers half the questions without thought, immediately. Another quarter can be figured out after minimal cortical activity. Narrowing down the rest of the choices, he begins to guess. There are mostly *B*'s and some *E*'s. Wondering if any pattern is being established, he thinks: perhaps I should have paid more attention to preventive medicine . . .

12:00 He goes to the Market to get lunch. Replete with a bag of peanuts he joins his friends outside. The eager popping of shells comes to an abrupt halt when someone mentions hours spent reviewing for boards.

1:00 A fantasy: All the women in the Class call a meeting to discuss ways of furthering their solidarity: chief proposal concerns ways of pressuring the administration into accepting more female students. The meeting fails to draw a quorum . . .

1:12 And still he wishes he had a group to be solid with.
The Dean denies categorically that he is contemplating leaving the University of Maryland.

1:30 Afternoon class. His neck is stiff from constantly looking in one direction.

1:52 He thinks about next year. Getting out of the classroom and into the hospital has *got* to be an improvement. What if it isn't? Somehow, though, he thinks the trouble must be elsewhere. He has to ask the person sitting next to him, but there's no one there.
He is bored.

2:20 He considers lab. Not an easy undertaking. Whistling the *Internazionale*, he trudges up the stairs. He is the only one in the lab.

2:35 In spite of the audience size, the presentation begins. After a moment, he poses a question. She glares at him, then quickly removes her lab coat, her wig, her glasses, her teeth. Overturning the lab tables, she threatens to dowse him with formalin . . .

3:00 He goes to the hospital to see a patient. The patient has been seen by one resident, three interns, a third-year student, a second-year student (or was it two?): now he wishes to get some rest.

4:30 He leaves. On the way out, a familiar-looking young man smiles and nods to him. He is not sure whether the person is a classmate. He is not sure why he is not sure — but it is really hard to get to know people when we are all so uptight about "school", society, ourselves, etc. Maybe we could all get together in one place and have each person stand up as his or her name is called, just to see who's who . . . but then, that's graduation...

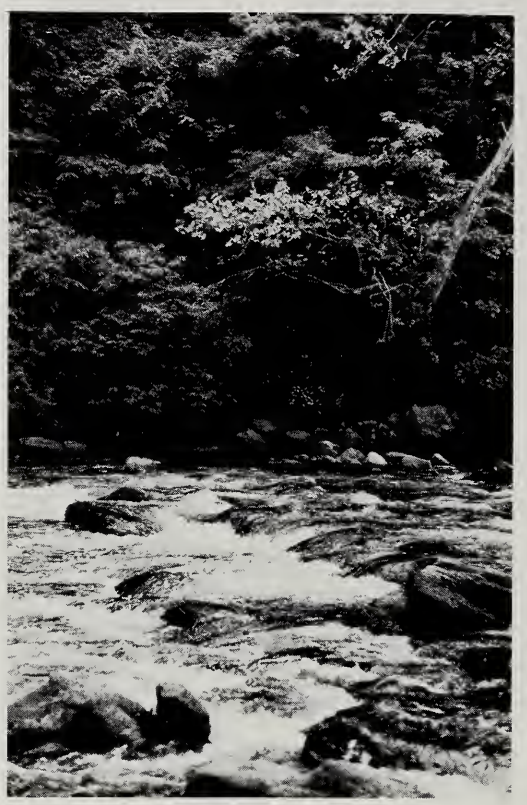
IN MEMORIAM

Stephen George Rund, Class of 1973
Alan Michael Daumit, Class of 1976



The charitable man is loved by all; his friendship is prized highly; in death his heart is at rest and full of joy, for he suffers no repentance; he receives the opening flower of his reward and the fruit that ripens from it. Hard it is to understand: By giving away food, we get more strength; by bestowing clothing on others, we gain beauty; by donating abodes of purity and truth, we acquire great treasures.

Sayings of Buddha

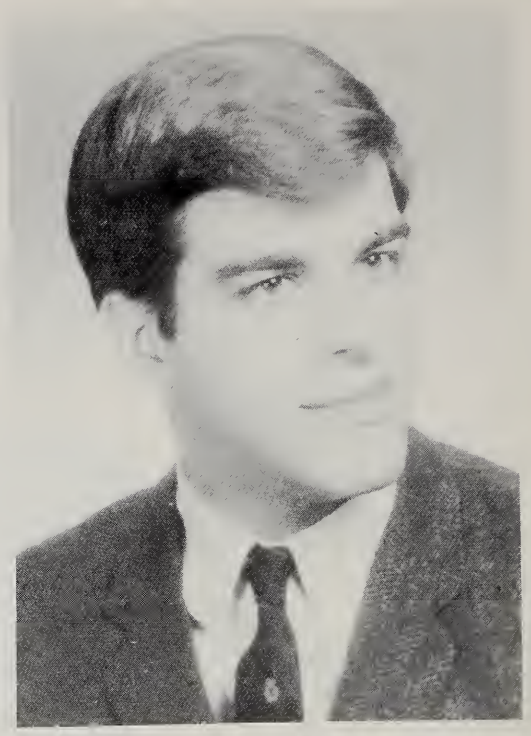
School of Medicine

Seniors

James Douglas Abbott

Union Memorial Hospital
Baltimore, Maryland
Straight Surgery Internship

Douglas received his undergraduate degree from American University in Washington, D.C.



David Long Allender

U.S. Public Health Service Hospital
Baltimore, Maryland
Straight Medical Internship

I arrived at Lombard and Greene Sts. by way of a B.S. degree in General Biological Sciences from the University of Maryland. My summers while in medical school were spent in clinical and anatomical pathology, surgery, and medicine at South Baltimore General Hospital and in traveling to New England and the west coast. I was elected to AOA in the junior year and was a member of the Family Practice Club. Following a straight medical internship, I plan to complete a residency in dermatology.

Stanley Jay Amernick

Maryland General Hospital
Baltimore, Maryland
Rotating Internship

Spent summers doing surgical research, traveling in Europe and the U.S., and as a medical extern. Plans to go into ophthalmology.

Carlton Andrew Baker

Dalhausie University
Halifax, Nova Scotia
Rotating Internship

Carl received his undergraduate degree from Farleigh Dickinson University. He anticipates a career in family practice.

Laura Owens Bakey

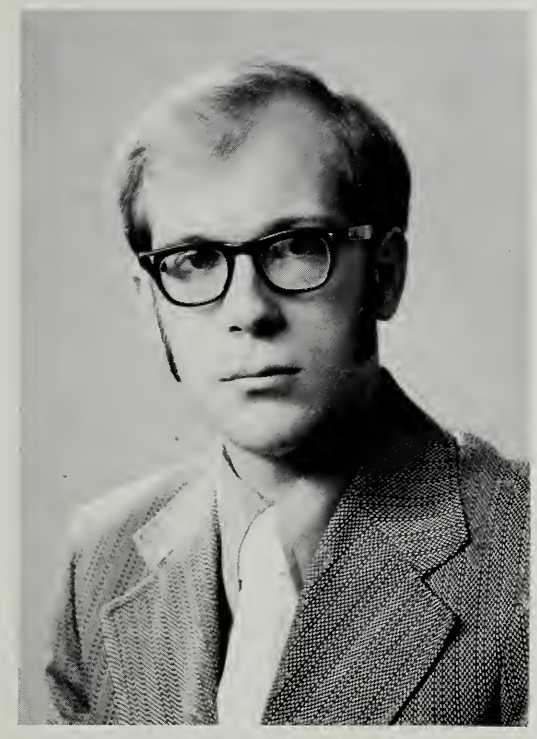
St. Elizabeth's Hospital
Washington, D.C.
Psychiatry Residency

Laura received her undergraduate degree from the University of Maryland, College Park.

Raymond Francis Bayerle

Maryland General Hospital
Baltimore, Maryland
Straight Medicine Internship

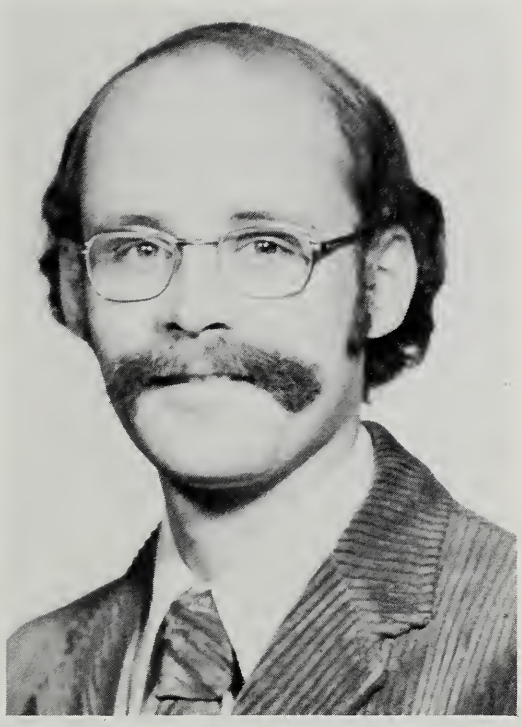
Ray received his undergraduate degree from the University of Maryland, College Park.



Stanley Creed Beachy

York Hospital
York, Pennsylvania
Rotating Internship

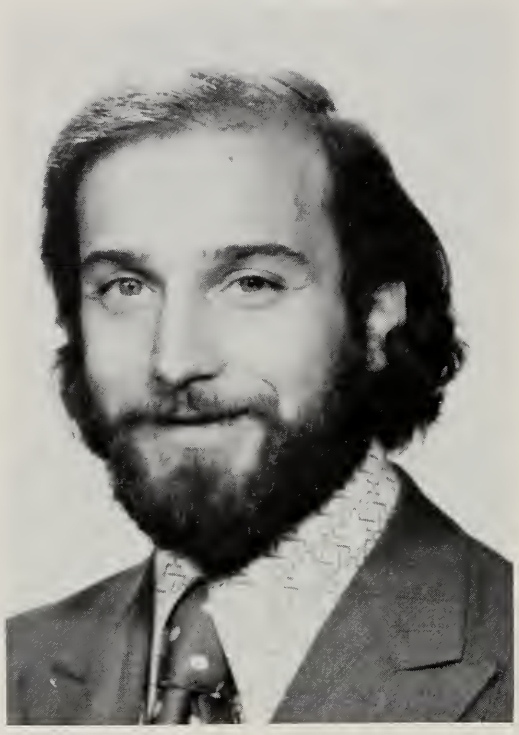
Stan received his B.A. degree from Goshen College in Indiana. His summers have been spent in neurology and two OB-GYN externships at St. Agnes Hospital where his wife Joyce was a team leader on the GYN floor. A member of AOA, Stan plans a rotating internship followed by a residency in OB-GYN.



Bruce Lee Beck

University of Oregon Hospital & Clinics
Portland, Oregon
Rotating Internship

Bruce received his M.S. degree in Biology from American University. He has done summer fellowships in Biochemistry and Family Practice. After internship, a residency in orthopedics is planned and he and Carole hope to live in Oregon.

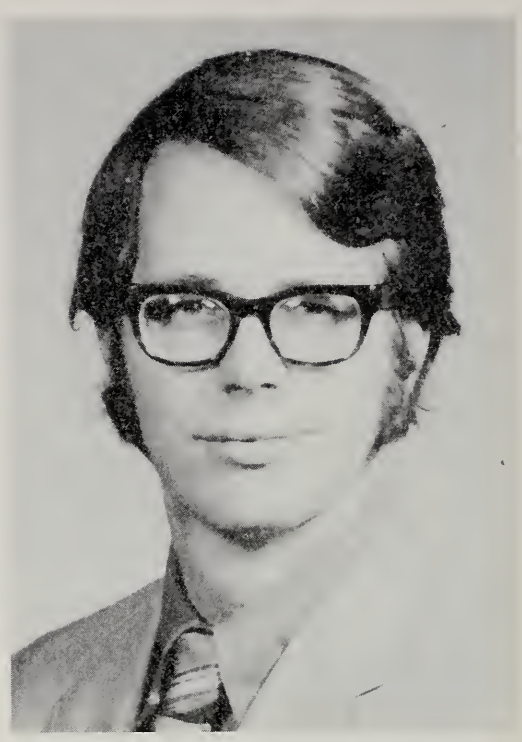


Marshall Belaga

University of Maryland Hospital
Baltimore, Maryland
Psychiatry Residency

The five years I spent in medical school encompassed a full re-evaluation in medical education at Maryland.

From the austere halls of the AAMC and the AMA to the rebellious chorus of the National House Staff Conferences, SAMA, and SHO, I carried my crusade against the medical establishment. As I pass from undergraduate to postgraduate, I regret that so much undone will be left for other students to carry on against the greatest of odds.



Carl Timothy Bessent

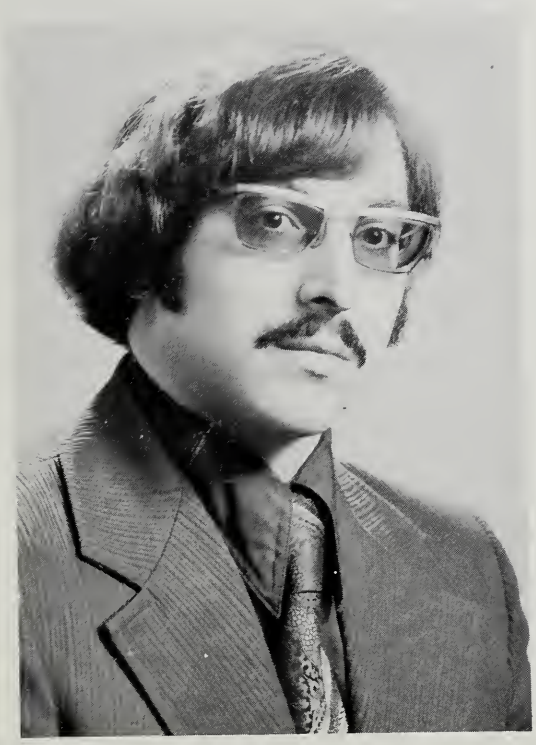
University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

This was the first University of Maryland admission for this Clemson University graduate. Past history includes: four years as starter on the intramural football team; four years as benchwarmer on the basketball team; two years of marriage to Peggy; two years of medical externships during the summer; class representative and chairman of Honor Council, and membership in AOA. Prognosis—Gastroenterologist.

Jeffrey Clark Blum

Tampa General Hospital
Tampa, Florida
Rotating Internship

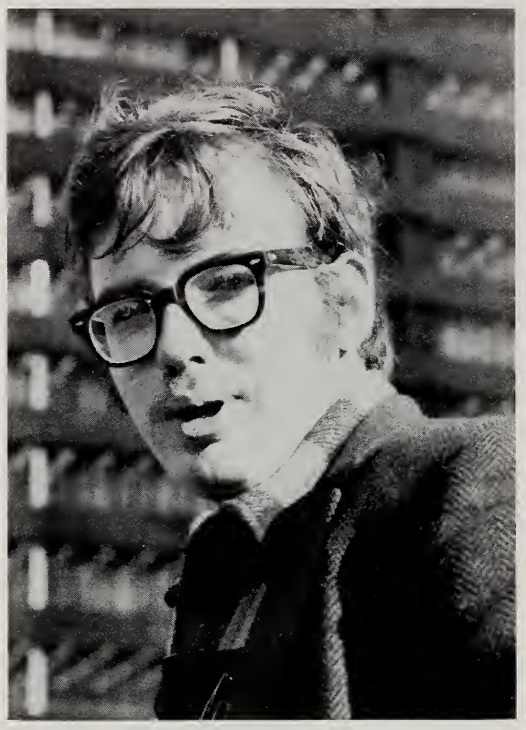
Graduate of the University of Maryland with a B.S. in zoology. Summers spent as a preceptor in family practice and a medical extern at Mercy Hospital. AOA junior year. President of the Family Practice Club. Treasurer of Phi Beta Pi fraternity. Future plans include a career in either family practice or internal medicine.



Martin Lance Brown

Mercy Hospital
Baltimore, Maryland
Straight Medicine Internship

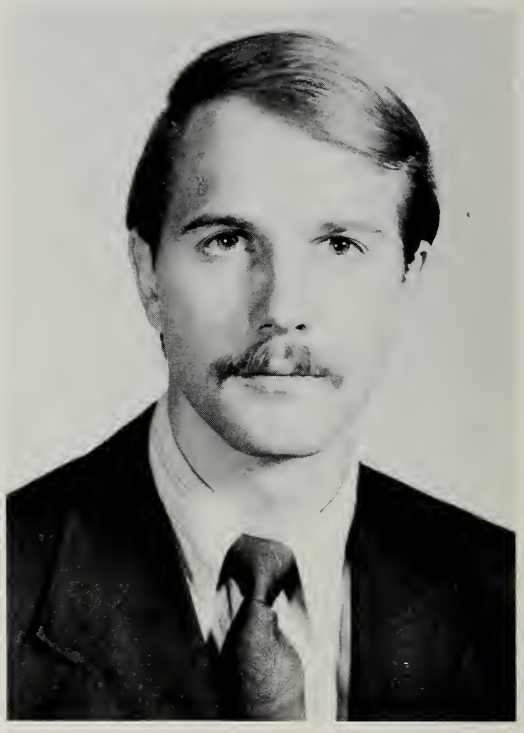
Marty received his undergraduate B.S. at the University of Maryland. He spent summers at the Shock Trauma Center, Emergency Room, as well as at St. Joseph's Hospital as a surgical extern. His career plans point toward Internal Medicine.



James Robert Buchanan

The Milton S. Hershey Medical Center
Hershey, Pennsylvania
Surgery Residency

Buck is a Swarthmore reject. He served as President of the Preventive Medicine Appreciation Society. He will be forever grateful to the big University for unexcelled instruction of dung. Buck does not plan to spend the entirety of his career under the auspices of "Honest Teddy" and his stellar revue of dedicated compulsives. He may pursue orthopedics as a hobby. An attempt to organize the "Miss Pleasant Personality" contest for librarians finally overwhelmed him with intractible vomiting.



Thomas Robert Calame

University of Utah Medical Center
Salt Lake City, Utah
Straight Medicine Internship

Thomas received his undergraduate degree from Iowa State University.

Robert Glenn Castile

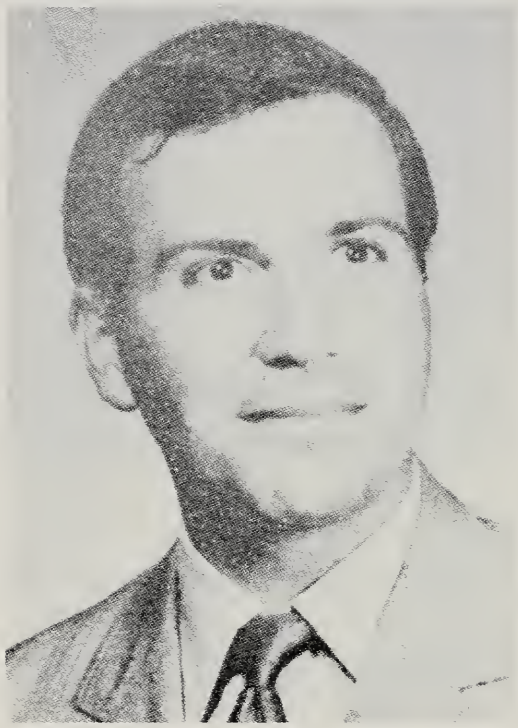
Mayo Graduate Medical School
Rochester, Minnesota
Straight Pediatric Internship

Bob, a quiet native of Wheaton, Maryland with a flare for violent gridiron competition, came to Baltimore after graduating Phi Beta Kappa from the University of Maryland. He proceeded to spend his freshmen and sophomore summers serving as one of the OPD's most enthusiastic hospital attendants. He returned to the heat of the old OPD in the summer of his junior year for a fellowship in clinical pediatrics, there developing an ever growing inclination toward this field. Bob's experiences as a senior have reaffirmed his genuine interest in children and he plans a career in pediatrics.

Warren William Chamberlain, Jr.

Walter Reed Army Hospital
Washington, D.C.
Straight Pediatric Internship

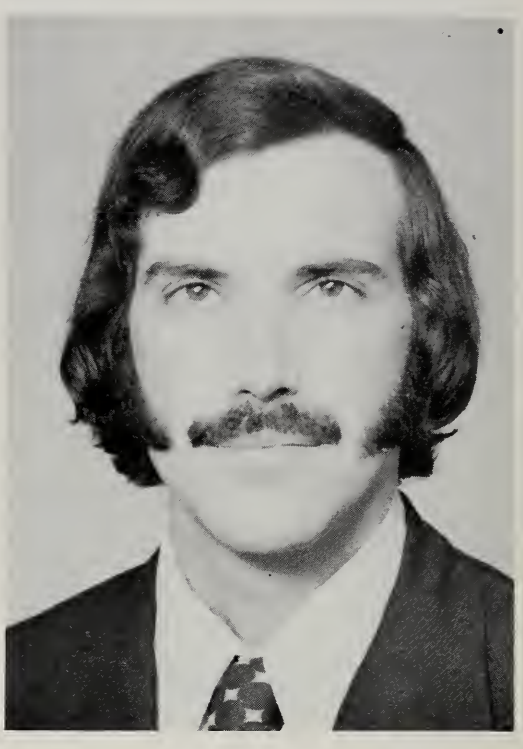
Warren did his premedical schooling at College Park where he studied zoology and German. He, his wife, Jeanne, and daughter, Louise, plan to live in the Washington, D.C. area where he will enter a pediatric residency at Walter Reed General Hospital. Warren plans to eventually specilize in pediatric endocrinology or pediatric neurology.



Joseph Anthony Ciotola, Jr.

University of Maryland Hospital
Baltimore, Maryland
Surgery Residency

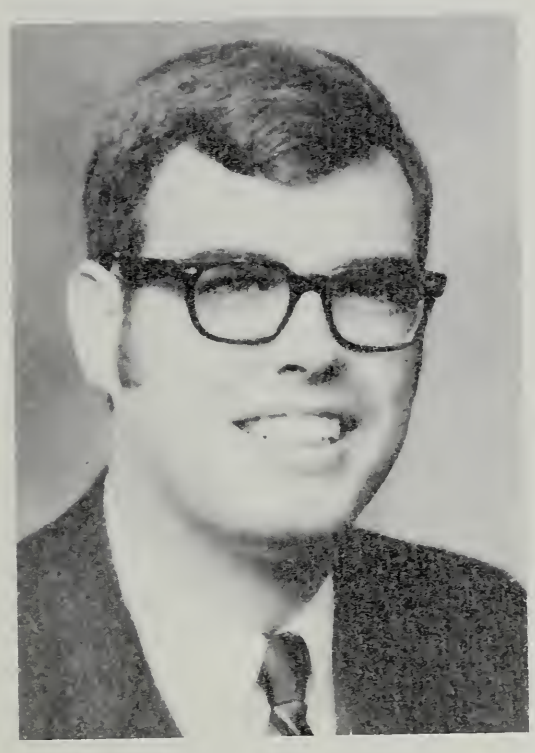
Joe received his undergraduate degree from Loyola College.



Charles Robert Clark

St. John's Hospital
Springfield, Illinois
Family Practice Residency

Charlie received his undergraduate degree from the University of Maryland, College Park.



Walter Edwin Conner

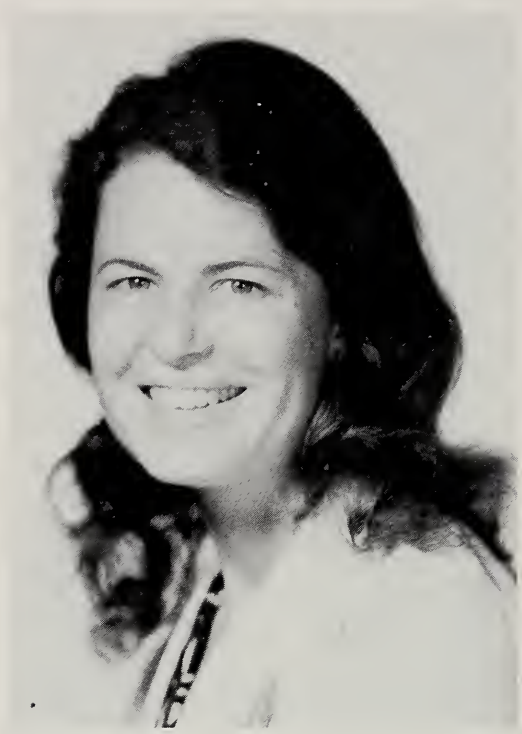
Southern Illinois U., School of Medicine
Springfield, Illinois
Straight Medicine Internship

Ed received his B.S. in Biology at Juniata College. He has spent summers working in the Family Practice Preceptor Program with family practitioners in Westminster and as an extern in general surgery at Maryland General Hospital. While he hopes to do a medical internship, a career in general surgery seems likely.

Kirk Allen Cromar

St. Francis Hospital
Honolulu, Hawaii
Straight Medicine Internship

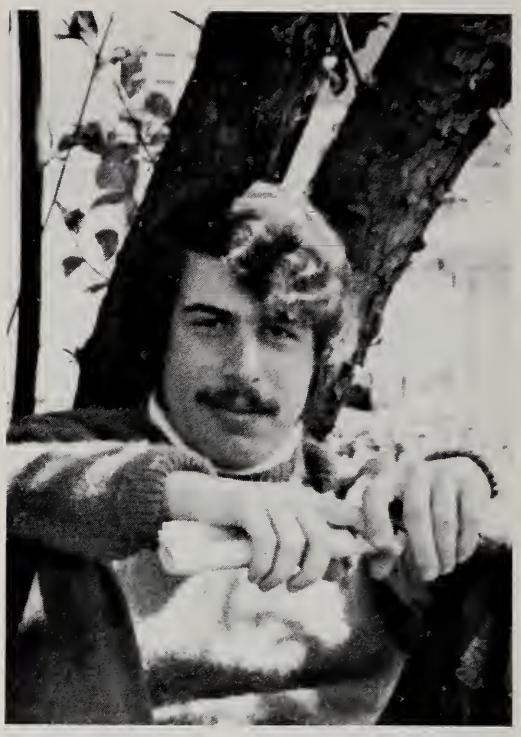
Recipient of Hitchcock and Balder Scholarships. Medical extern, South Balto. Gen. Hosp. Emergency Room Aid. Blood Drawing Team. Hobbies: canoeing, skin diving, travel. Ambition: Ultimately, to become very old and enjoy getting there.



Jo Augur Deevey

Medical College of Virginia Hospitals
Richmond, Virginia
Rotating Internship

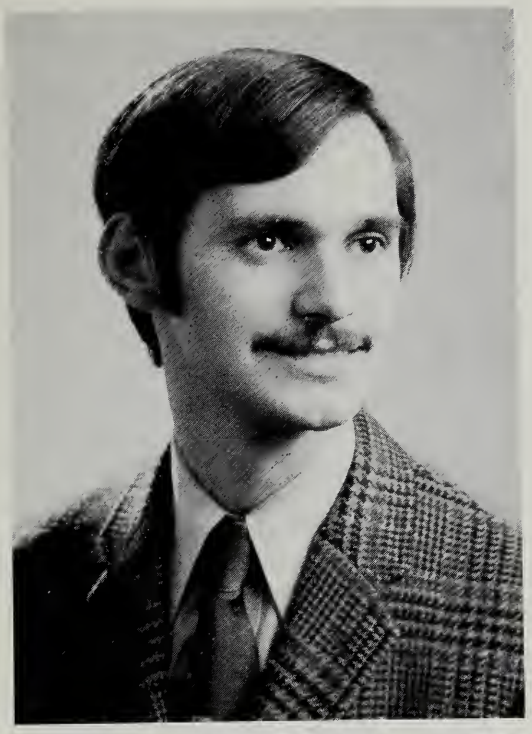
Jo received her undergraduate degree from Goucher College. She had occasion to travel throughout Europe during the summer following freshman year. During her senior year she worked extensively in infectious disease research both in the West Indies and in England. A resultant of her work was a Diploma of Tropical Medicine from Liverpool. Additionally, Jo managed a rotation in pediatric surgery in Bern, Switzerland. Our internationalist seems to be headed for a surgical specialty.



Edwin Alan Deitch

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

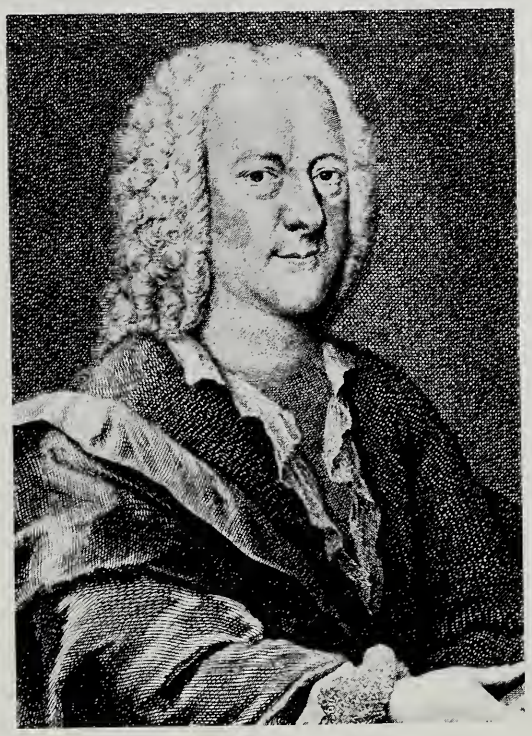
With these few lines I'm here to list
What the past four years have caused me to miss.
My extracurricular activities were but to piss
While aspirations were to make the water hiss.
Now it's time to end my tale,
To say much more would be to no avail.



Gregory Andrew Denari

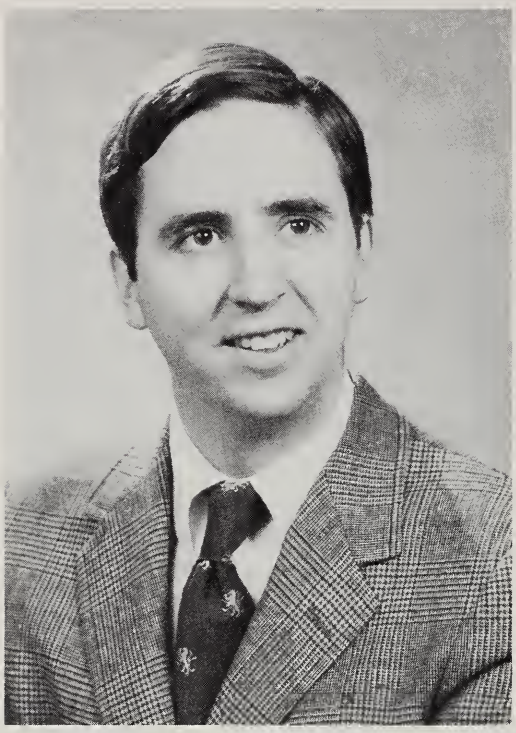
York Hospital
York, Pennsylvania
Rotating Internship

Greg completed his undergraduate work at Villanova University where he received his B.A. degree and was a member of Alpha Epsilon Delta. The summer following his first year he received a fellowship in psychiatry which included experience in neurobiological research. During the next two summers he pursued research in health care delivery at both the Johns Hopkins University School of Hygiene and Public Health and at the Columbia Clinic in Columbia, Maryland. Future plans will begin with a rotating Internship in Pennsylvania.



Thomas Jerome Devlin

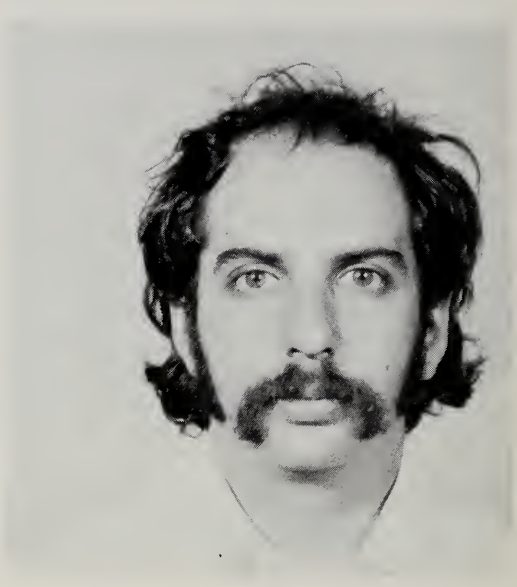
Thomas received his undergraduate degree from the University of Maryland, College Park.



Michael Joseph Dodd

Maryland General Hospital
Baltimore, Maryland
Rotating Internship

Mike graduated from the University of Maryland, College Park. Summers were spent running a self-owned painting business, at Mercy as an extern in surgery, and at St. Joseph's as a medicine extern. He plans an internship at Maryland General Hospital and a residency in ophthalmology at GBMC.



Steven Harry Dolinsky

Michael Reese Hospital & Medical Center
Chicago, Illinois
Straight Medicine Internship

Steve received his undergraduate degree from the Pennsylvania Military College.

Raymond David Drapkin

Montefiore Hospital & Medical Center
New York City, New York
Straight Surgery Internship

Ray is a graduate of Temple University. He was honored with the Emily Post prize for unexcelled etiquette at the senior dinner dance, having been the undisputed sole contender for four straight (?) years.

Ronald Jonathan Edwards

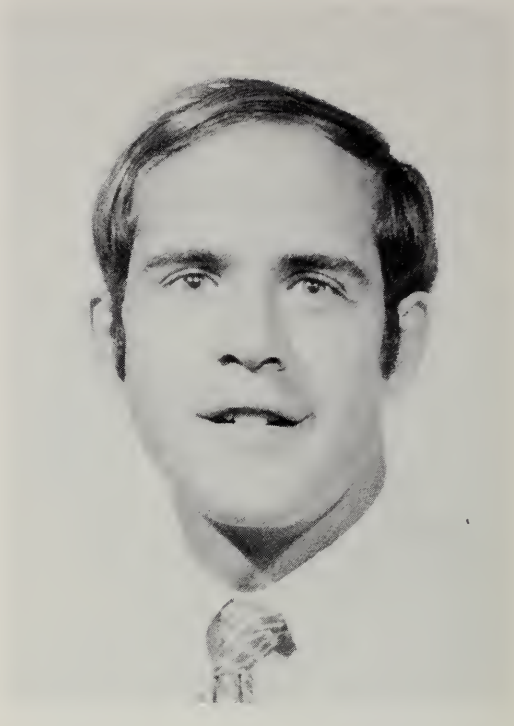
Harkness Community Hosp. & Medical Center
San Francisco, California
Rotating Internship

Ron received his undergraduate degree from Graceland College in Iowa.

Edward Marston Eisenbrey

University of Maryland Hospital
Baltimore, Maryland
Ob-Gyn Residency

Ed received his B.S. degree from the University of Maryland. His summer work has included a family practice preceptorship in Carroll County and an OB-GYN externship at Mercy Hospital. An OB-GYN residency awaits him following graduation. His senior year was highlighted by marriage to his favorite lab partner, Jean.



Charles Gregory Elliott

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Greg received his B.A. in biology from Brown University. He held fellowships during summers succeeding freshman and junior years in psychiatry (U. of Md., Psych. Institute) and medicine (St. Joseph's), respectively. He has also worked part-time for the Hospital Poison Control Center and as an alcoholism counselor. Greg also managed to do a good bit of traveling in the U.S. and abroad over the past four years. When time permitted, he played Club lacrosse in Baltimore. Practice in internal medicine appears to be in future.

Candace Jean Erickson

St.Christopher's Hospital for Children
Philadelphia, Pennsylvania
Straight Pediatrics Internship

Candy graduated from George Washington University in 1969. She held a psychiatric preceptorship for all four years in medical school. For three years she served on the Curriculum Committee. Senior year afforded a chance to study the question of Health Care Delivery System in Spain. Aside from acting as her class's legal advisor on the senior medicine oral question, Candy also managed to do research in mother-child interaction and preschool children's ideas of gender-identity.

Charles Peter Erskine

University of Connecticut Hospital
Hartford, Connecticut
Rotating Internship

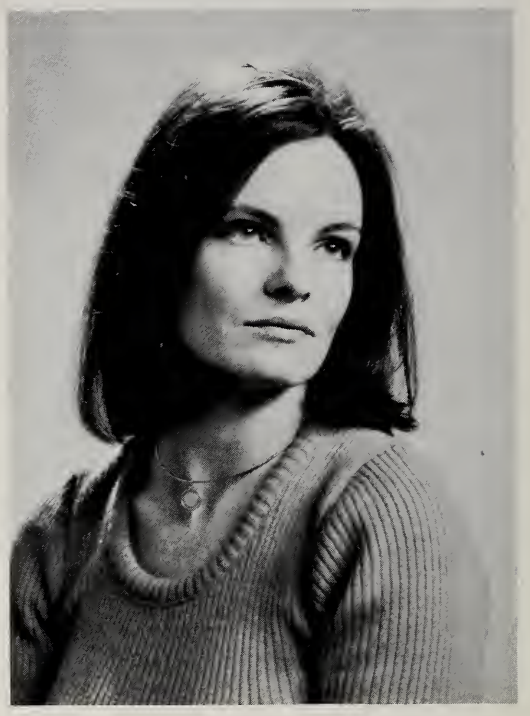
Peter came to Baltimore with a degree in English from Georgetown University. During freshman and sophomore years he worked for Dr. Hudson in the Pediatric Nurses Aide Program, and he served on the curriculum committee for three years. His first two summers were spent doing wildlife research at the Kenai Moose Research Center in Alaska. During his senior year he returned to Alaska with a psychiatry fellowship to survey the state's mental health care systems. An avid sculptor and dabbler in photography, he turned his apartment into a small gallery. Peter will start a pediatric rotating internship and hopes eventually to return to Alaska.

"Forsans et haec olim meminisse iuvabit"
Vergil, *The Aeneid*

George Reed Failing, Jr.

New York Hosp.-Memorial Hospital
New York City, New York
Straight Medicine Internship

George received his undergraudate degree from Duke University.



Elizabeth Louise Feeney

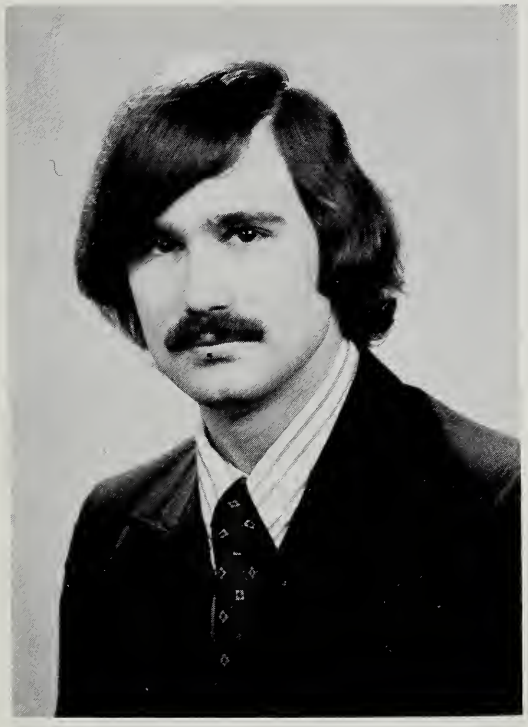
U.S. Public Health Service Hospital
Baltimore, Maryland
Straight Medicine Internship

Unbeknownst to many, Elizabeth is Chilean by birth. She found much in Baltimore that was to her liking. During the past four years her extracurricular activities have included investigating Baltimore and its history.

Alan Richard Figelman

Army Medical Service Hospitals
Madigan Gen. Hosp; Tacoma, Washington
Straight Pediatrics Internship

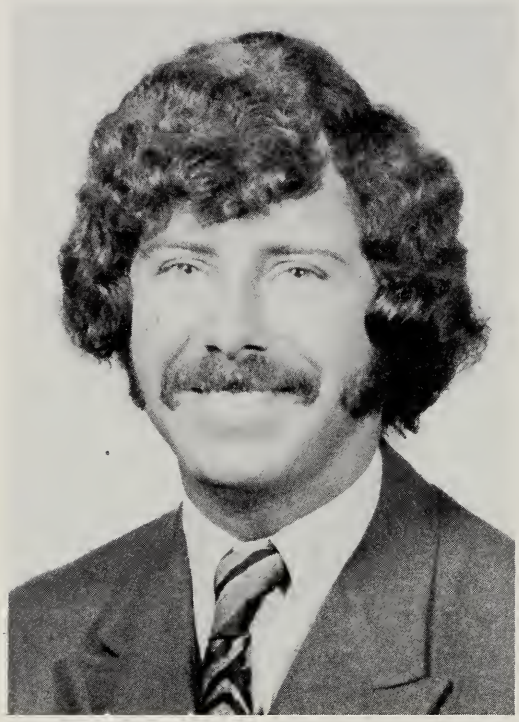
Alan received his undergraduate degree from the University of Maryland.



John William Foreman

Montreal Children's Hospital
McGill U.; Montreal, Quebec, Canada
Straight Pediatrics Internship

John received a B.S. from Duke University. He spent his summers in family practice and pediatric externships and winters in intramural football and basketball. Because of his famous "air-ball" he was elected to A.O.A. He plans to enter pediatrics.



Denis Franks

University of Maryland Hospital
Baltimore, Maryland
Surgery Residency

Graduate of Case Western Reserve University. Member of the lower left quadrant, pathology and anatomy curriculum committees in the first two years. Summers spent as a high rise construction worker in Washington, D.C. Senior year became resident surgeon in Mercy Hospital's dog lab and chairman of senior week festivities. Spent three years as chief protagonist of alcoholics in University ER. Plans future in pediatric surgery.

William Rade Gaver

Lackland Air Force Base
San Antonio, Texas
Straight Medicine Internship

Bill received his undergraduate degree from Mt. St. Mary's College.

Steven Henry Glasser

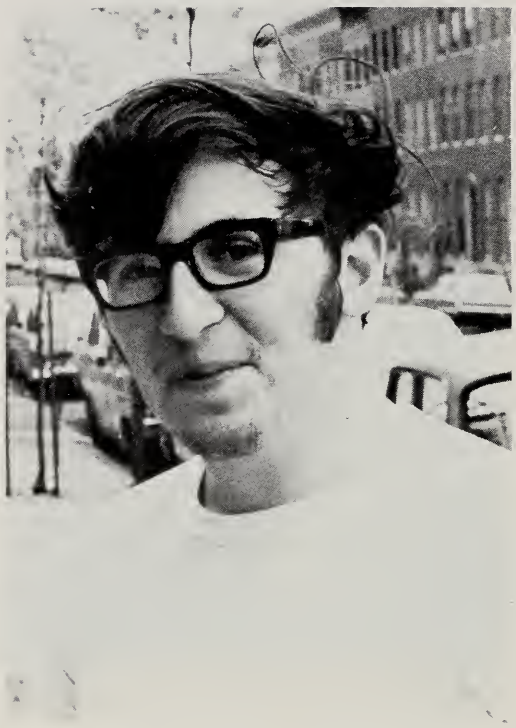
University of Maryland Hospital
Baltimore, Maryland
Surgery Residency

Steve received his undergraduate degree from the University of Maryland, College Park. His medical school training was especially enhanced by a surgical externship in surgery and surgical research with Dr. Arlie Mansberger at the University Hospital. Steve joined AOA in his senior year.

Nelson Howard Goldberg

Yale-New Haven Hospital
New Haven, Connecticut
Surgery Residency

At the beginning came a student eager to learn. But when he offered half a weather report for an exam they failed him. And that failure begat more failure. And these failures begat more of their failures, which were to him successes. And these failures-successes brought successes that even they called successes. And they asked him, "What?". And he spoke unto them: "Life is like a beanstalk, isn't it?" And he left and they forgot.



William Howard Goldiner

North Carolina Baptist Hospital
Winston-Salem, North Carolina
Rotating Internship

Bill received his undergraudate degree from Washington College in Delaware.

David Alan Goldscher

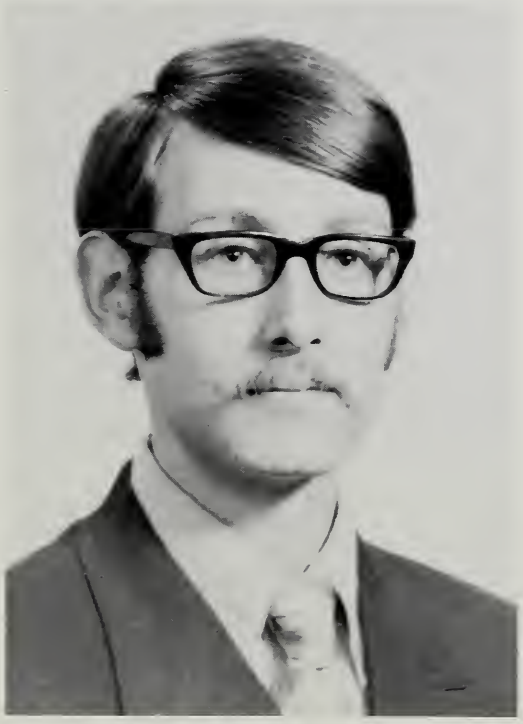
University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

A graduate of Washington College, David was elected to AOA in his junior year. Following graduation he will begin a straight medical internship.

Jane Franklin Goldthorn

Montreal General Hospital
McGill University; Montreal, Quebec, Canada
Surgery Internship

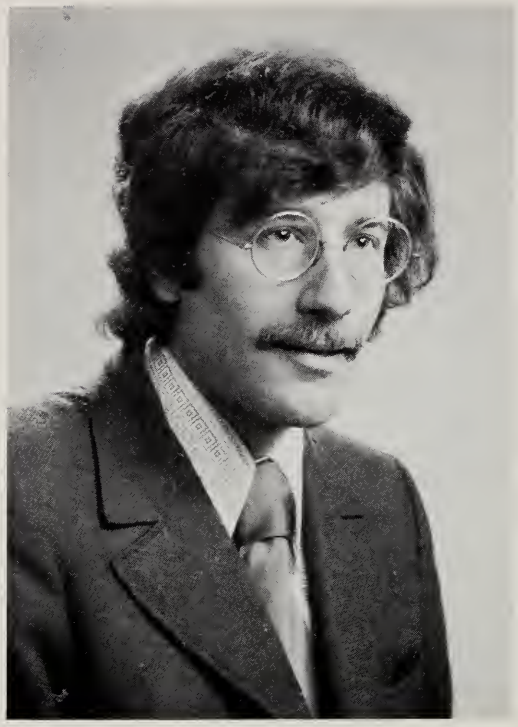
Jane received her undergraduate degree from George Washington University in Washington, D.C.



Lee Allan Goodman

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Lee is a graduate of Duke University (B.A.). His future plans include internal medicine or radiology, fishing, and farming.



James Stephen Gordon

Tufts U. Affil. Hosps.; St. Margaret's Hospital
Dorchester, Massachussetts
Ob-Gyn Residency

Jim received his B.S. from the University of Maryland. He has spent summers in a Preventive Medicine fellowship and externships in medicine, surgery and emergency room. Outside interests include blues piano, tennis, and swimming. He and his fiance, Barbara, will be married in early June. Jim is looking forward to a residency in OB-GYN in Boston, and Barb will be starting her career as a lawyer.

David Jeffrey Greifinger

Washington Hospital Center
Washington, D.C.
Straight Medical Internship

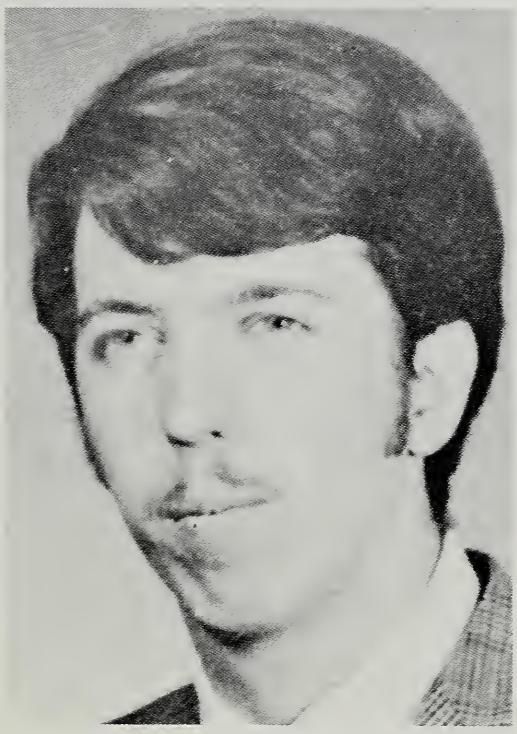
David holds a B.S. from the University of Maryland. While in medical school he served as chairman of the S.H.O., microbiology evaluation committee, and the applicant orientation committee. He was the vice-president representative to the student council sophomore year, senior class president, and a member of the Board of the Regional Advisory Group of the Maryland Regional Medical Program.

David's pet gerbil and he plan a future including a medical internship and possibilities of practicing psychosomatic or adolescent medicine.

Steven Jay Gross

University Hospital of Upstate Med. Center
Syracuse, New York
Pediatrics Residency

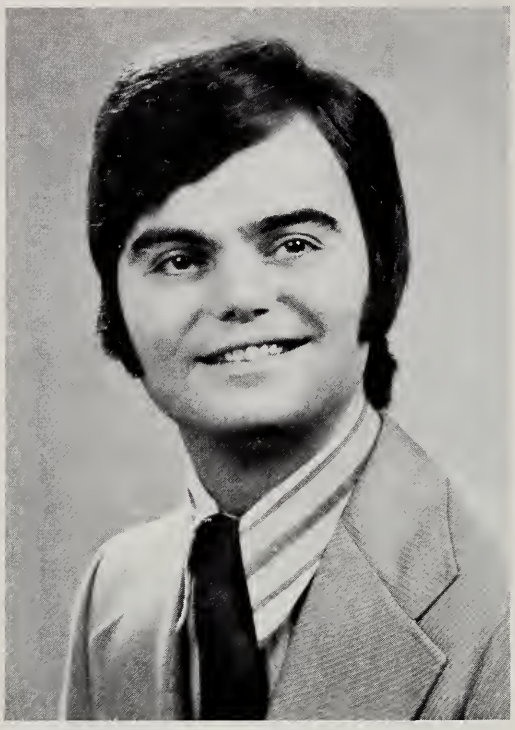
Received his B.S. from the University of Maryland in Psychology. Steve, his wife, Enid, and their daughter, Deborah, plan a future in academic pediatrics.



Richard Christian Habersat

Maryland General Hospital
Baltimore, Maryland
Straight Medical Internship

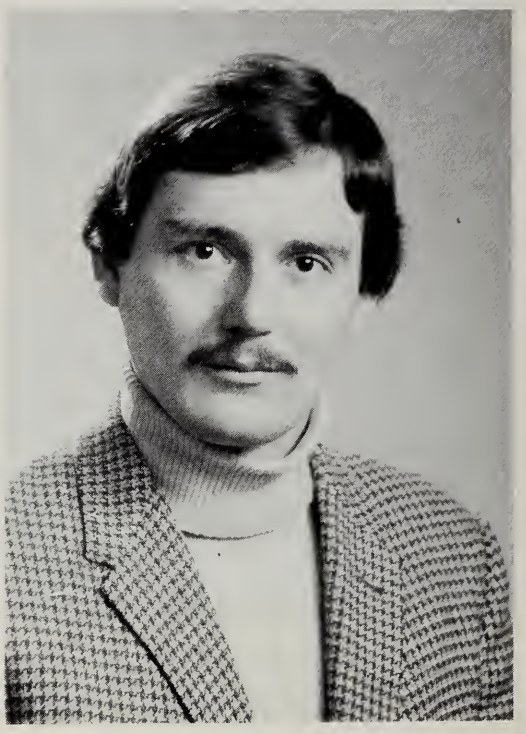
Richard received his undergraduate degree from the University of Maryland, College Park. Who knows where his artistic talents may lead him? . . .



Daniel Crumpton Hardesty

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Dan received his B.A. in Biology from Towson State College, is a member of S.A.M.A., and was elected to AOA in his junior year. His summers were spent as an extern in medicine at St. Joseph's Hospital and as a research fellow in infectious diseases at LRVAH. Following a straight medical internship, Dan and his wife Donna look forward to his training in internal medicine with a subspecialty in infectious disease, endocrinology, or immunology.



Louis Elmore Harman III

Letterman General Hospital (Army)
San Francisco, California
Rotating Internship

Lou received his undergraduate degree from Ohio State University. He is leaning toward surgery with respect to career interests.

Mona Chambers Harrison

University of Maryland Hospital
Baltimore, Maryland
Family Practice Internship

After four excitement-packed years in medical school, Mona has chosen family practice as her career goal. She began her internship before graduation.

David Edward Herman

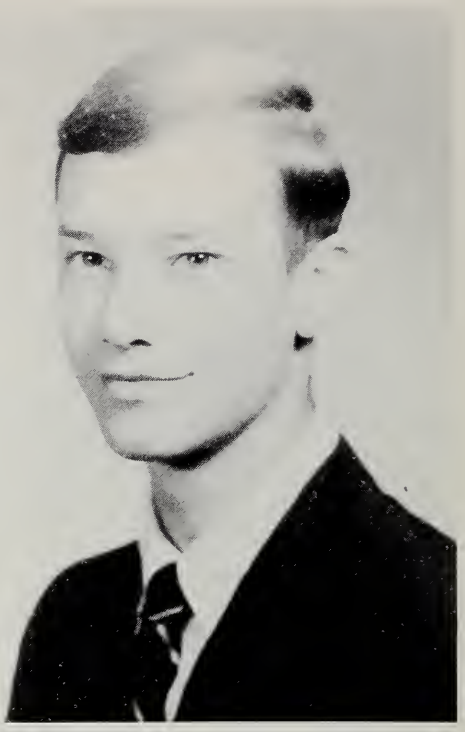
York Hospital
York, Pennsylvania
Rotating Internship

David received his undergraduate degree from the University of Maryland, College Park. His avidity on the soccer and football fields is legendary. Senior year was capped with a trip to Israel.

Sharon Anne Hoiler

University of Maryland Hospital
Baltimore, Maryland
Psychiatry Residency

Sharon hails from Washington, D.C. and is a graduate of the University of Maryland with a B.A. in government. During medical school she had fellowships in Family Medicine, in which she spent a summer in the office of a local physician, and psychiatry, spent working at the Tuerk House. Sharon plans a career in Psychiatry.



Horace Preston Holley, Jr.

Univ. of Alabama Medical Center
Birmingham, Alabama
Straight Medicine Internship

Preston attended Wake Forest University and University of Maryland at College Park, where he received a B.S. in Zoology. During the summer he worked in the Center for the Study of Trauma and Mercy Hospital in pediatrics. He was a senior representative to the Student Council and member of AOA. The highlight of his senior year was the birth of his son, Christopher. Future plans include a career in internal medicine and time with Judy and Chris.

William Stephen Hood

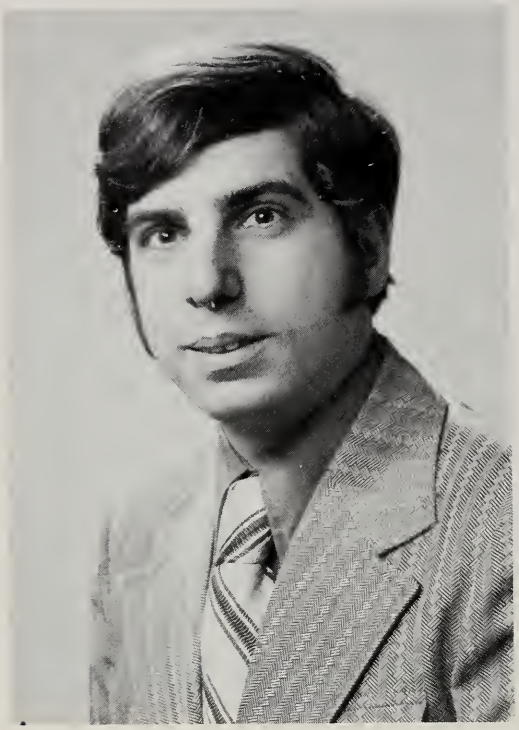
Albany Medical Center Hospital
Albany, New York
Straight Medicine Internship

From Frederick, Maryland and Drew University, New Jersey, Steve entered medical school to satisfy his interest in clinical psychology. Things change, however, and now Steve is going into internal medicine. Activities were curriculum revision committee and A.O.A.

David Laurence Hoover

Cleveland Metropolitan Hospital
Cleveland, Ohio
Straight Medicine Internship

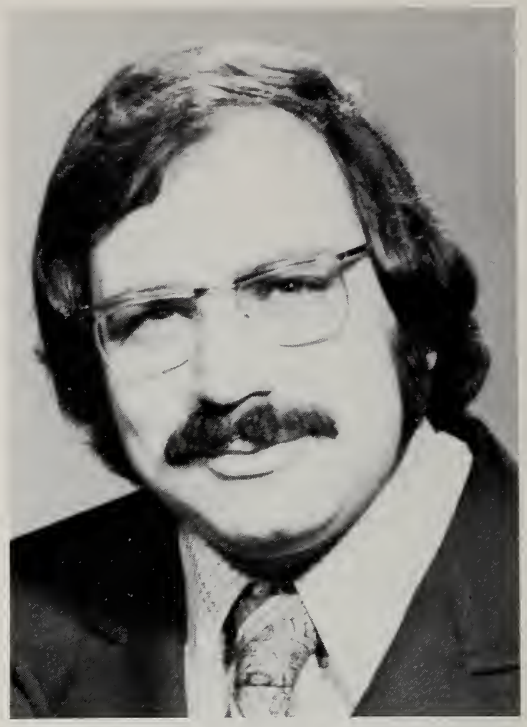
David received his undergraduate degree from Houghton College. He became a member of A.O.A. in his senior year.



Mark Jacobs

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Mark received his B.S. from the University of Maryland at College Park. A member of Phi Delta Epsilon, he spent summers in pediatrics and pulmonary medicine. Beginning his senior year in the summer, Mark finished the year with a medical externship at Maryland General Hospital and a five week tour of Europe. He is also a member of A.O.A. Following a straight medical internship, Mark and Eileen plan a career in internal medicine.



Allan Stanley Jaffe

Barnes Hospital
St. Louis, Missouri
Straight Medicine Internship

Al, who came to us from the University of Rochester, worked for two years in research in neurophysiology and was active in student government and curriculum change. He has distinguished himself by his work as head of the blood drawing team and with the Department of Infectious Diseases at the Jessup Annex. He has held a fellowship in Community Psychiatry and a regional medical grant in pulmonary medicine. He plans a career in academic internal medicine.

Michael Francis Jaworski

University of Maryland Hospital
Baltimore, Maryland
Surgery Residency

Michael received his undergraduate degree from Holy Cross College.

Joseph Donald Jenci

University of Maryland Hospital
Baltimore, Maryland
Ob-Gyn Residency

Joe received his B.S. from Elmhurst College in Illinois and helped instruct his classmates in Gross Anatomy after receiving his Ph.D. in Anatomy here at University. Joe began his Ob-Gyn residency at University Hospital in March and plans on private practice. Joe is also a member of Alpha Omega Alpha. He has worked extensively in the Lab at St. Agnes.

Murray Alvin Kalish

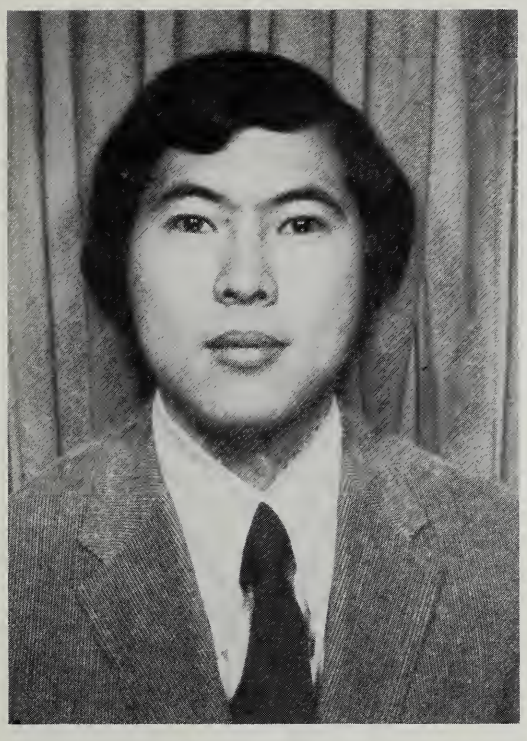
University of Maryland Hospital
Baltimore, Maryland
Anaesthesiology Residency

Graduating Phi Beta Kappa, Murray received his B.S. from the University of Maryland. He is a member of Phi Delta Epsilon medical fraternity. He spent his summers as a preceptee in anesthesiology at Mercy and in research in endocrinology at Loch Raven V.A. Murray and his wife Michele are looking forward to a career in anesthesiology.

Kathleen Ruth Kelley

Presbytarian-University Hospital
Pittsburgh, Pennsylvania
Straight Pediatrics Internship

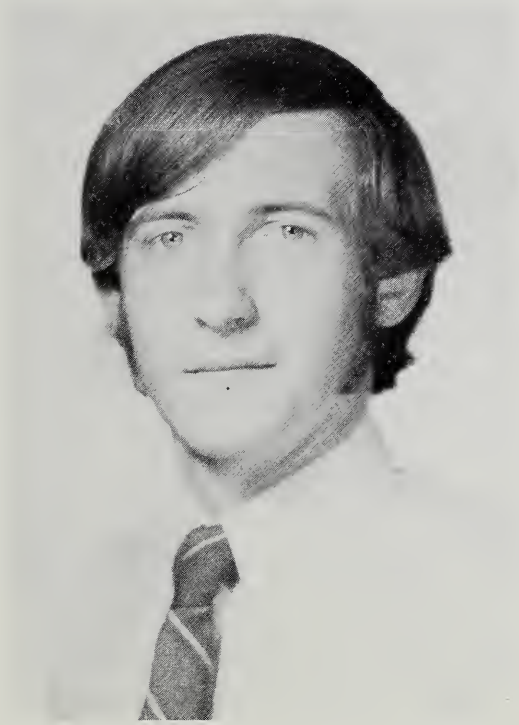
Kathy received her undergraduate degree from Dickinson College. She was elected to A.O.A. in her senior year.



Erich Kim

Greater Baltimore Medical Center
Baltimore, Maryland
Straight Medicine Internship

Erich was born in Los Angeles, California and spent his undergraduate years at the University of Maryland, College Park, where he received a B.S. in Zoology. During the summer of his freshman year he worked as a surgical scrub technician at University Hospital and during his remaining summers worked as a surgical extern, participating in research concerning post-operative fluid management. Although future specialty plans are presently undecided, he is leaning towards a career in radiology.



James Edward Kirby

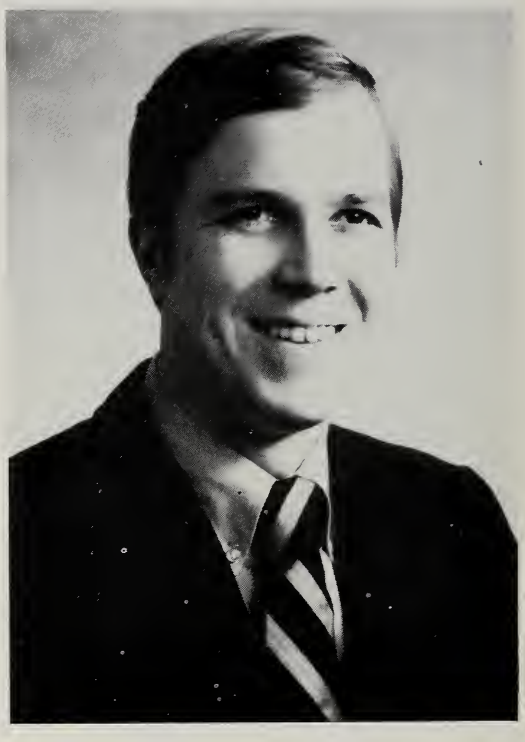
York Hospital
York, Pennsylvania
Rotating Internship

Jim received a B.S. in Biology from Loyola College in Baltimore. Between classes in freshman and sophomore years, he gained experience in a psychiatric preceptorship, working on ward 2-F and in the Brief Therapy Clinic. Two summers were spent as a medical extern at Mercy Hospital. Jim looks forward to one day practicing internal or family medicine.

Allen William Kirchner, Jr.

University of Maryland Hospital
Baltimore, Maryland
Ob-Gyn Residency

Having completed only three years of college, Allen finally received his Bachelor's Degree in a plain brown wrapper sometime last year from the University of Maryland. His contributions during medical school consist of obtaining mass discounts for the class on medical instruments and provoking a classroom gun battle with a long-haired B.V.D.'d marine during the Second Annual Sophomore Freak Day. Contrary to popular belief, Al did not finance his medical education by selling sphygmomonometers. He spent his summers as an Ocean City cop, a National Park Service Ranger, and a medical extern at South Baltimore General Hospital. Allen's interests include scuba diving, skiing, and motorcycling. He begins an OB-GYN residency at the University of Maryland in July.



Robert Garth Kirkwood

Charity Hospital of Louisiana
New Orleans, Louisiana
Straight Medicine Internship

Garth graduated from Loyola College in Baltimore in 1969. He worked two summers as an extern in medicine at Mercy Hospital in Baltimore. Garth plans to pursue a career in internal medicine.

Walter Benjamin Koppel

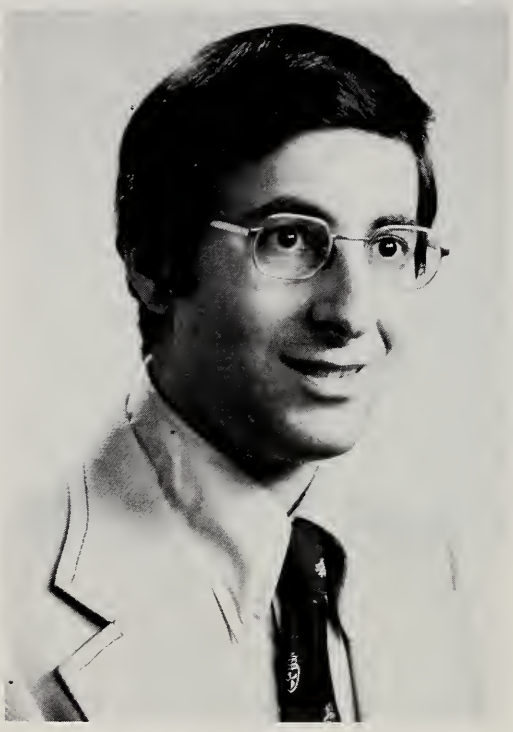
Maryland General Hospital
Baltimore, Maryland
Straight Medicine Internship

Ben, originally from Baltimore, received his B.S. from the University of Maryland in Zoology and his M.S. from the University of Maryland Dental School in Microbiology. While his summers and winters were primarily devoted to earning tuition, one externship trip was to California, where one day he hopes to return. The past president of Phi Delta Epsilon fraternity, Ben will probably continue in internal medicine or family practice.

Morton Kousen

York Hospital
York, Pennsylvania
Ob-Gyn Residency

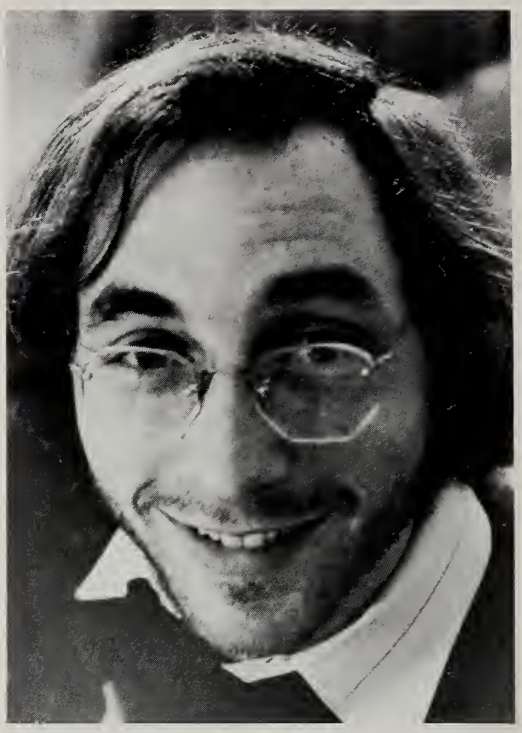
After receiving his B.S. in Pharmacy from George Washington University, Mort obtained a M.S. in Physiology from the University of Illinois and served in the Air Force Biomedical Science Corps. He was SAMA representative in his junior and senior years. He started a medical internship in February at York Hospital and will begin an OB-GYN residency there in July.



Barnett Sheldon Kramer

Barnes Hospital
St. Louis, Missouri
Straight Medicine Internship

Barnett received his undergraduate degree from the Johns Hopkins University. He was elected to AOA in his junior year.



William Arthur Landes

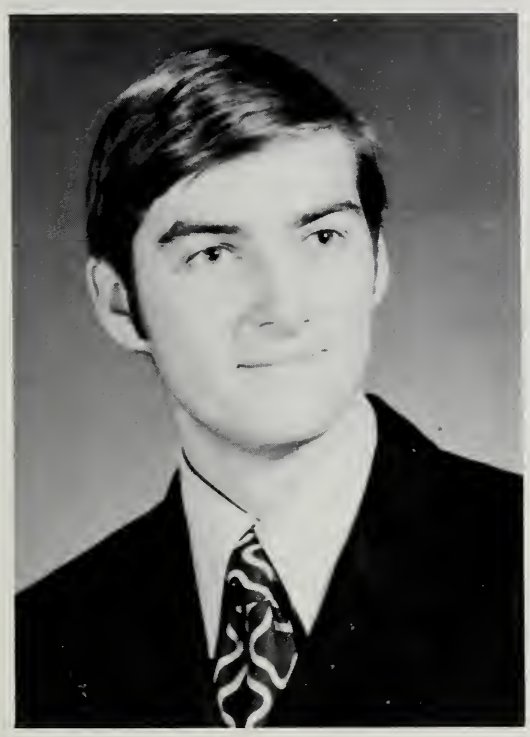
Mt. Sinai Hospital of Greater Miami
Miami Beach, Florida
Rotating Internship

Bill received his undergraduate degree from the University of Maryland, College Park. Bill spent a good part of his senior year traversing the globe in search of suitable chess opponents (especially in the Virgin Islands and England).

Merric David Landy

St. Elizabeth's Hospital of Boston
Brighton, Massachusetts
Rotating Internship

Merric received his undergraduate degree from Tufts University. The summer after his junior year he held a fellowship in pathology at Sinai Hospitals of Baltimore. He is leaning toward radiology as a specialty goal.



Tom Peter Lapsa

Greater Baltimore Medical Center
Baltimore, Maryland
Rotating Internship

Tom received his B.S. degree from Ursinus College. While in medical school, his summers have been spent as an extern at St. Agnes Hospital, South Baltimore General Hospital, and the Greater Baltimore Medical Center. When time permits, he enjoys hiking, camping, and canoeing trips. After a major medical internship, Tom plans to train in ophthamology.

Margaret Mary Leahy

Washington Hospital Center
Washington, D.C.
Straight Medicine Internship

Margo received her B.S. in zoology from the University of Maryland in 1968. She taught high school chemistry in 1969. Highlights of medical school stay included a summer fellowship in psychiatry in 1970, serving as class representative at Southern Medical Assoc. Convention in Miami Beach ('71), being SHO treasurer (1969-1973), and working at People's Free Clinic (1971-1973). Senior electives included Stanford U. in Plastic Surgery and Queen's Square in Neurology. Margo's interests traverse music, reading, altered states of consciousness, nutrition, and herbal medicine. Future could well include rural group family practice or psychiatry.

Arthur Michael Lebson

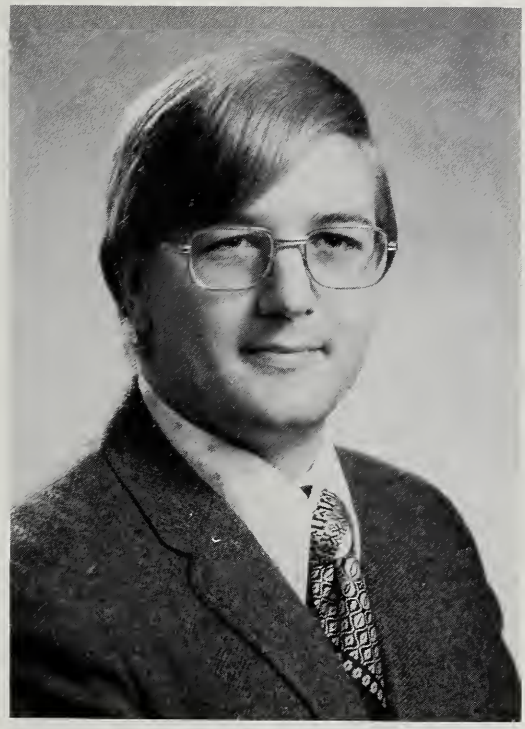
Sinai Hospital of Baltimore
Baltimore, Maryland
Straight Medicine Internship

Arthur received his B.S. in psychology from the University of Maryland, College Park. His summers have been spent in fellowships in the Division of Gastroenterology and in the Department of Anatomy doing research in renal lymphatics. The family presently consists of his wife, Lois Faith, and their standard French poodle, Pierre. A rotating major medical internship is planned followed by probable specialization in Family Medicine in the future.

Healey Thomas LeCator

Spring Grove State Hospital
Baltimore, Maryland
Psychiatry Residency

Healey received his undergraduate degree from Morgan State College. Healey has also received numerous unsolicited things from this University, many of which he could have done without.



Stephen Keith Lemon

Harbor General Hospital
Torrance, California
Rotating Internship

Although a native Californian, Steve received his B.S. from the University of Maryland and stayed on the east coast for medical school. He has spent summers on an E.N.T. fellowship, as an OB-GYN extern at St. Agnes, and as a medical extern at Mercy. March of his senior year was considerably brightened by the arrival of Elizabeth Rachel, and ultimately he, his wife Barbara, and the "new addition" plan to settle in the west.

Gary Michael Levinson

Rochester General Hospital
Rochester, New York
Rotating Internship

Gary received his undergraduate degree from Albion College. He is an avid motorcyclist and a brilliant car mechanic. Unbeknownst to those who do not know him well, the piano is really his number one avocation. His laugh is infective and his humanity far-reaching. He may well become a cardiologist. (Editor).

Jeffrey Stuart Lobel

Presbyterian-University Hospital
Pittsburgh, Pennsylvania
Straight Pediatrics Internship

Jeff received his B.A. from Johns Hopkins. Summers were spent in public health and cardiology. A member of A.O.A., his interest is pediatrics. Jeff and his wife, Andrea, were married in the Spring of his senior year after he abducted her from ward 5-E of University Hospital. She will be working as a pediatric nurse as Jeff is doing a straight pediatric internship.

Thomas Wayne Long

University of Maryland Hospital
Baltimore, Maryland
Family Practice Residency

Thomas is glad to be graduating from the University of Maryland School of Medicine. Family Practice is his chosen field.

Denis William MacDonald

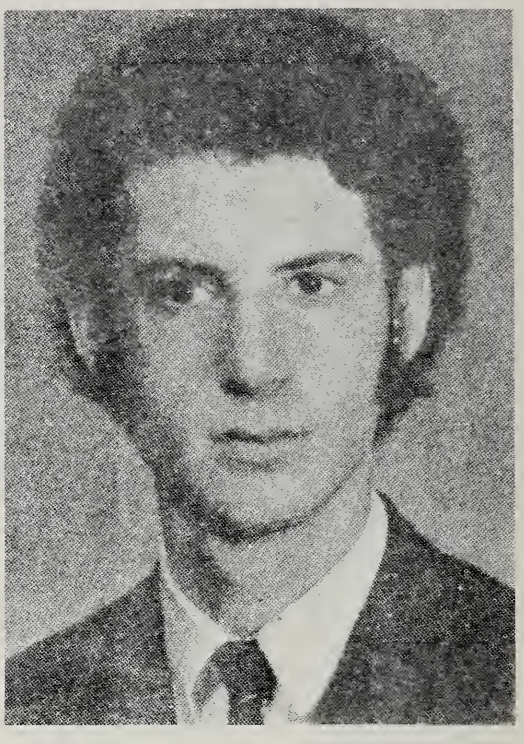
Mercy Hospital
Baltimore, Maryland
Straight Medicine Internship

Denis was born in Baltimore. He attended the U. of Md. at College Park on an undergraduate level. Before entering medical school he worked as a school teacher. Summers have afforded opportunities for working with the Dept. of Preventive Medicine as well as the Ob-Gyn Dept. at Mercy. At the present he looks toward Family Practice as a career.

Samuel Veirs Mace

Oakland Naval Hospital
Oakland, California
Rotating Internship

I am a Baltimore resident, and I had my undergraduate education at the University of Virginia obtaining a B.A. in Biology. During medical school I have spent two summers traveling in Europe with my wife Jane and also taken an externship in urology between my junior and senior years. I am planning to go into one of the surgical subspecialties.



Martin Yale Magram

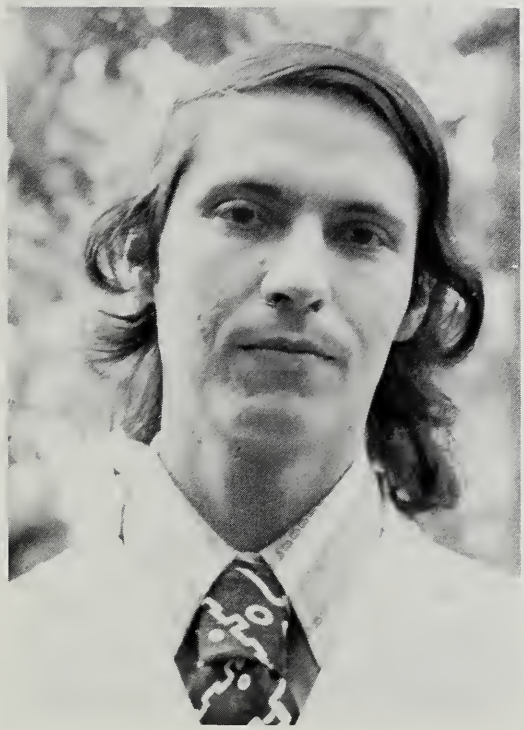
Mercy Hospital
Baltimore, Maryland
Straight Medicine Internship

Marty received his undergraduate degree from the University of Pittsburgh.

Michael Dennis Maguire

William Beaumont General Hospital (Army)
El Paso, Texas
Straight Medicine Internship

Got his B.S. in biology from Loyola College. Spent summers on medical subspecialities in Denver, San Antonio, and El Paso with the Army. Plans to pursue a career in internal medicine.



Anthony Francis Malone

Albany Medical Center Hospital
Albany, New York
Straight Pediatrics Internship

Tony's major field of interest is chronic diseases of childhood. Family and friends have provided most of his extracurricular activities.

"There lives
the dearest freshness
deep down things"—G.M.H.

Thomas Edward Mansfield

University of Maryland Hospital
Baltimore, Maryland
Family Practice Residency

After receiving B.S. at American University, Tom came to medical school where he actually participated in research with the anesthesiology department and was twice a finalist in the Freak Day Festivities, not to mention his performance in the class film. Further research work was done in toxicology, cycling, sky diving, gourmet cooking and eating, waterbedding, and the pursuit of happiness. Summers were spent as a fellow in otolaryngolgy and psychiatry; however, his most instructive summer was spent at the ranch in Ellicot City. Tom's affiliations notably include his membership in the Sunshine, Cycle, and Katchajet Organization. Along with developing pictures and interpersonal relationships, Tom plans to train in Family Practice.

Arthur Robert Masten

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Bob received his undergraduate degree from the University of Delaware. He was treasurer of the sophomore class. Bob is a member of Ducks Unlimited and enjoyed cutting a few lectures to go duck hunting. He plans to go into internal medicine.

Harriet Lewin Meier

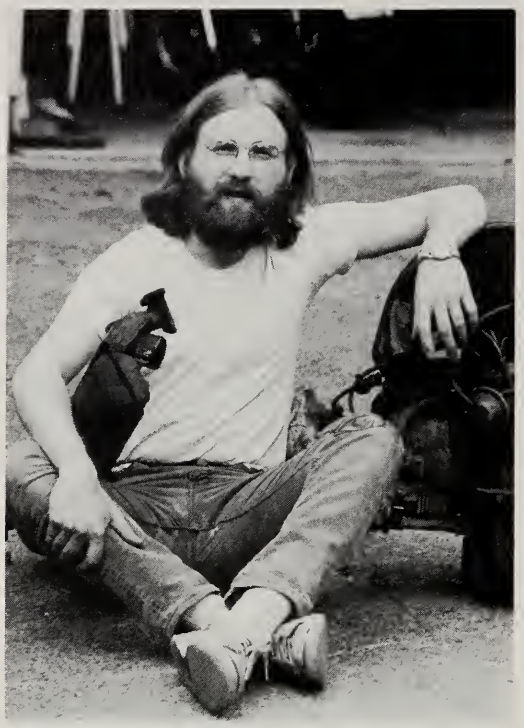
University of Maryland Hospital
Baltimore, Maryland
Pediatrics Residency

Harriet received her B.S. from the University of Maryland. Her summers were spent on fellowships in Preventive Medicine doing research on pediatric topics. Her husband Henry is an immunochemist at N.I.H. They are both looking forward to her working with children with behavior and learning problems after she completes her training in pediatrics.

Clifford Robert Merchant

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Cliff received a B.A. from Western Maryland College after majoring in chemistry and biology. He worked summers and part-time during school in the clinical chemistry lab setting up new tests. He plans a career in endocrinology doing research in the field of space medicine.



Christopher Stephan Michel

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Spoiled by the nature of Oberlin College, Chris spent four preposterous years marveling at the Medical School protoplasm. Ultimately he found much compassion in his fellow classmates. No one will ever know what possessed him to venture into producing this Yearbook . . . surely he put his sanity on the line with the task.

Clarence Dennis Miller

Stanford University Hospital
Stanford, California
Straight Pathology Internship

Dennis received his undergraduate degree from U.C.L.A. He fervidly hopes to recharge his batteries in the California sunshine.

Mark Perry Miller

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Mark received his undergraduate degree from Colgate University. To some he is the greatest Al Jolson imitator alive.

Bernard Gerald Milton

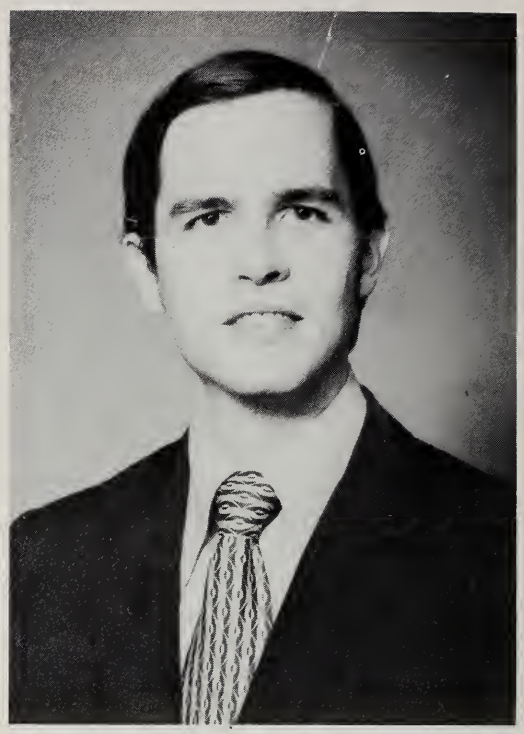
South Baltimore General Hospital
Baltimore, Maryland
Rotating Internship

Coming up from Atlanta as a ramblin' wreck from Georgia Tech, Bernie rambled through four years as first string center for our championship football team. He served our class as honor council rep, athletic chairman, SAMA rep, spring picnic director, and SCOME rep. Bernie made A.O.A. during his junior year and was elected president of that honor society. He spent one summer passing gas at University Hospital as an anesthesiology preceptor. A second summer was spent in cardiology research at the VAH—the fruits of which won national recognition and honor in Boston. Future career plans are uncertain, but medicine, family practice, and anesthesiology have not been ruled out.

Jean Lucille Mountain (Eisenbrey)

Mercy Hospital
Baltimore, Maryland
Pediatrics Residency

Jean received her B.S. from Capital University. During her summers she served as a family practice preceptee in Carroll County and as a pediatric extern at Mercy Hospital. Following a pediatric residency, she and Ed will set up their own "group practice."



Norman Frederick Myers, Jr.

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Fred is a native of Havre de Grace, Md. He graduated in 1965 from McDonough School, where he enjoyed riding on the show team, and in 1969 from the University of Maryland at College Park with a B.S. in the General Physical Sciences. He will remain at University Hospital as a straight medical intern and looks forward to practicing internal medicine and possibly psychiatry.

John Randolph Neill

University of Wisconsin Hospitals
Madison, Wisconsin
Psychiatry Residency

Yearbook biographies too often have the terminal air of gravestone rubbings, their memories unneeded today and unsatisfying tomorrow. Their ponderous space is used only to ballast the grinning image overhead.

To remember John one needs more than the list of books he read, the friendships he had, or the language he used. How can one combine the relentless self analyst, the entrusted counsel, the prudential country boy and the comic Colombo into a fodder recognizable to all as John Neill, classmate.

For the few who care enough to send the very best, then, a description by Borges and of John: "they seek neither truth nor likelihood; they seek astonishment."

Morton Carl Orman

Mercy Hospital
Baltimore, Maryland
Straight Medicine Internship

Morty received his undergraduate degree from Duke University. In our sophomore year he served as our class president and represented us aginst unsurmountable odds with admirable self-restraint and diplomacy. Little did his classmates suspect the magnitude of the mandate they charged their trusted leader with. Who knows, we may look to him to lead us again someday. (Editor)

John David Owens

York Hospital
York, Pennsylvania
Family Practice Residency

Dave . . . Finally obtaining undergrad B.S. this year! Member of A.O.A. since junior year. Future plans in Family Medicine.

Constantine John Padussis

University of Maryland Hospital
Baltimore, Maryland
Surgery Residency

John received his undergraduate degree from the University of Maryland, College Park.

Charles Lewis Pamplin III

Walter Reed Army Hospital
Washington, D.C.
Straight Medicine Internship

Charlie did his undergrad work at Wake Forest University. Has a secret ambition to become a vintner. Headed for internal medicine internship with U.S. Army at Walter Reed so that he and his nurse wife, Harriet, can finally spend some time together.

Arthur S. Parker, Jr.

Sheppard and Enoch Pratt Hospital
Towson, Maryland
Psychiatry Residency

Art got his B.S. from Wake Forest and his D.D.S. from the University of Maryland School of Dentistry. Frequently found on the ski slopes or tennis court with Charlie. Anticipates trading off open mouths for closed minds having accepted a residency in psychiatry at the Sheppard and Enoch Pratt Hospital in Towson.

Howard Ira Pressman

University of Connecticut Hospital
Hartford, Connecticut
Straight Pediatric Internship

Howard received his undergraduate degree from the University of Maryland, College Park. He wishes to share the following quote with the yearbook reader: "When we look at the world or when we hear it, we have the impression that it is out there and that it is real. When we perceive the world with our will we know that it is not as 'out there' or as 'real' as we think."

Don Juan

Bruce Alan Reichardt

St. Agnes Hospital
Baltimore, Maryland
Pathology Residency

Bruce received his undergraduate degree at Hope College.

Margaret Baker Rennels

University of Maryland Hospital
Baltimore, Maryland
Pediatrics Residency

Peggy was born and raised on the eastern shore. Overcoming this colossal handicap (in the minds of many benighted citizens of less desirable areas), she received her B.A. at Skidmore College. This was followed by graduate study at Yale and a research assistantship at Harvard. Her experiences at the University of Maryland School of Medicine have included the arrangement of a long term postgraduate relationship with a member of the faculty as well as election to A.O.A.

Victor Ivar Reus

University of Wisconsin Hospitals
Madison, Wisconsin
Psychiatry Residency

The illegitimate son of a gypsy princess and an itinerant yak herder, Victor matured quickly, developed scruples, and went to medical school in search of the innard truth. Always quick with words, Victor often would bite his tongue in an effort to please others. While sidling crablike along hospital corridors, the future M.D. would pass time during morning rounds spray painting his slogans, "if not cured, then endured", and "you've got a lot to give". Outside of school, he spent his time looking for a lover who wouldn't blow his cover: it was often said he could resist everything but temptation.

Donald James Russ

Charlotte Memorial Hospital
Charlotte, North Carolina
Rotating Internship

Don came to the University of Maryland after earning his B.S. degree at the Citadel. His summers have been spent on infectious disease and pathology externships at St. Agnes. With their trusty dog, Ike, Don and his lovely wife, Fran, plan to return to the south and resume a future in internal medicine.

Alfred Joseph Saah

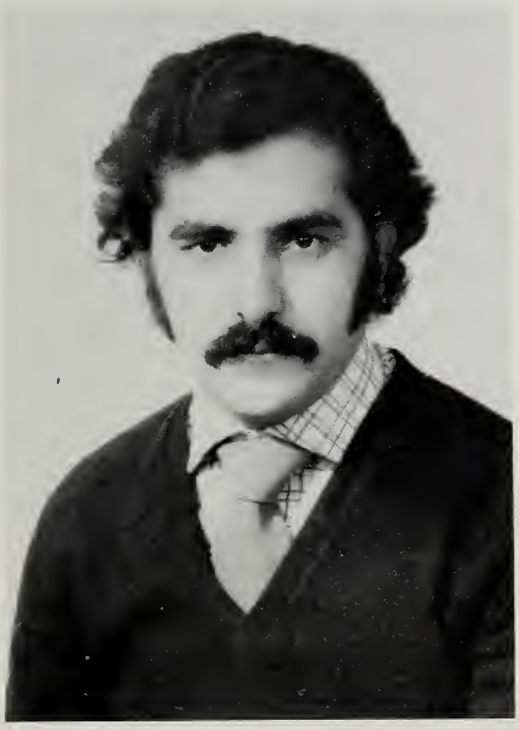
University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Al and his wife, Pat, plan on spending a few more years in the area while Al pursues training in internal medicine. Eventually, Al plans a career in endocrinology.

Howard Ira Saiontz

Grady Memorial Hospital
Atlanta, Georgia
Straight Medicine Internship

A graduate of the U. of Md. undergraduate school and a member of A.O.A., Howard has found clinical practice—patient care—to be his major interest in medical work. He plans to train in internal medicine but admits to a suppressed love for pediatric patients. Some of his particularly enjoyable work in the past four years includes a summer in coronary care at St. Agnes and a senior rotation in cardiology in Stoke-on-Trent, England. We wonder if Grady Memorial will make a cardiologist of him.



Carmelo Antonio Saraceno

University of Maryland Hospital
Baltimore, Maryland
Surgery Residency

Med school had its Campus Inn (up) and its junior medicine (down). Sophomore year was repressed, senior year was the year of patient care—and no tests? Bob D. made it all posible.

Eileen Robin Scherl

University of Wisconsin Hospitals
Madison, Wisconsin
Straight Medicine Internship

A native of Maryland, Eileen attended the U. of Md. and graduated Phi Beta Kappa with a B.S. in zoology. She has been employed as a phlebotomist and a nurse's aid in the premature ICU while in med. school. Her summers have been cornucopian in activities, including a fellowship in catecholamine research at Bethesda's NIMH, traveling on the Continent (Sweden to Istanbul), as well as a surgical externship at Mercy. She studied cardiology in England during senior year. While her career plans tend towards internal medicine, she has a broad spectrum of interests in plants, birds, and people.

Ronald Alan Seff

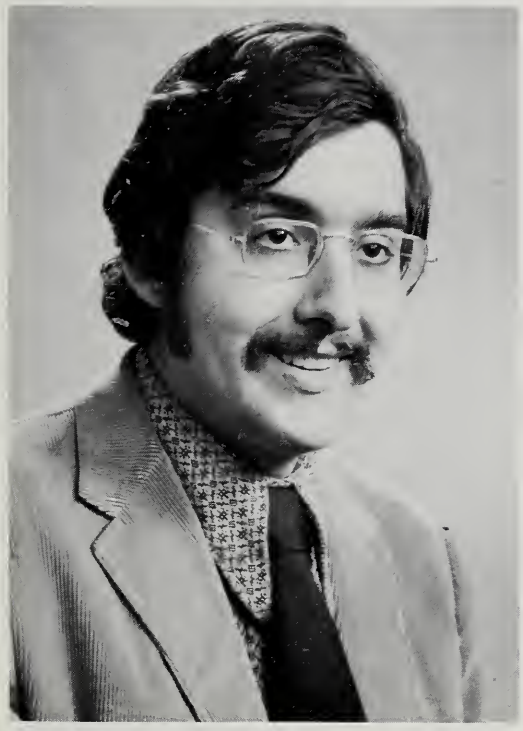
Maryland General Hospital
Baltimore, Maryland
Rotating Internship

After graduating from Brown University in 1969, Ron came to medical school with two objectives: to become a good doctor and to play on an undefeated intramural football team. Four years later, only one goal had been reached. Summers in psychiatric and surgical externships nonwithstanding, Ron is eyeing a career in opthalmology in the future.

Frank Anthony Shallenberger

Mt. Zion Hospital & Medical Center
San Francisco, California
Straight Surgery Internship

After quitting his job in Lake Charles, Louisiana, Frank came to the big city . . . where he lived, smoked, drank, learned, aggravated, and encroached . . . then in September of 1972 his faithful bus broke down in Federalsburg, Maryland, whereupon he crawled to the beach in Karmic dissatisfaction . . . he is somewhere now.



Gregory Bernard Shankman

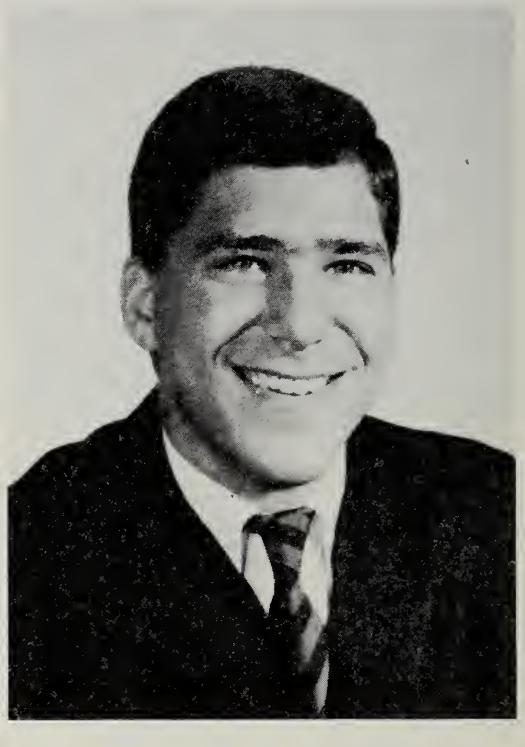
Cincinnati General Hospital
Cincinnati, Ohio
Straight Surgery Internship

Greg received his B.S. at the University of Denver, majoring in zoology, and was drafted in the second round by the Chicago Bears. He postponed his bright grid-iron career to spend four years in scenic Baltimore, where he served as David Shneidman's campaign manager—on a full scholarship from the Dept. of Preventive Medicine—and coached intramural soccer. In the future he looks forward to being player-coach-physician for the Washington Redskins.

Gary Mark Shapiro

Mary Imogene Bassett Hospital
Cooperstown, New York
Rotating Internship

"The Blue Turtle will ride again!", he said. Knowing all too well his precarious position, he inched away from the Great Katahdin until he rested securely in the Warmth of Lashmeet, pausing only to wipe his brow in Fly Creek. Years had passed since the quest had begun, but now, with the Golden Fleece of Newburg locked securely in his wiry grip, he faced the Jewelled Ridge with the sorrow of memory in his eyes. He shielded his gaze from the blazing sunset, bowed to the east, and then was gone.



David Stephen Shear

University of Maryland Hospital
Baltimore, Maryland
Surgery Residency

Dave received his undergraduate degree from the University of Pittsburgh.

Ronald Fred Sher

Maryland General Hospital
Baltimore, Maryland
Rotating Internship

Ron received his undergraduate degree from Western Maryland College. He has made unsuccessful attempts to re-enroll at the University of Maryland School of Medicine for another four year hitch . . . it seems they want him to graduate.

Peter Lawrence Shieldhouse

Tucson Medical Education Program
Tucson, Arizona
Rotating Internship

Peter received his undergraduate degree from Boston University. Senior year was highlighted by a visit to the Continent.

David Jacob Shiling

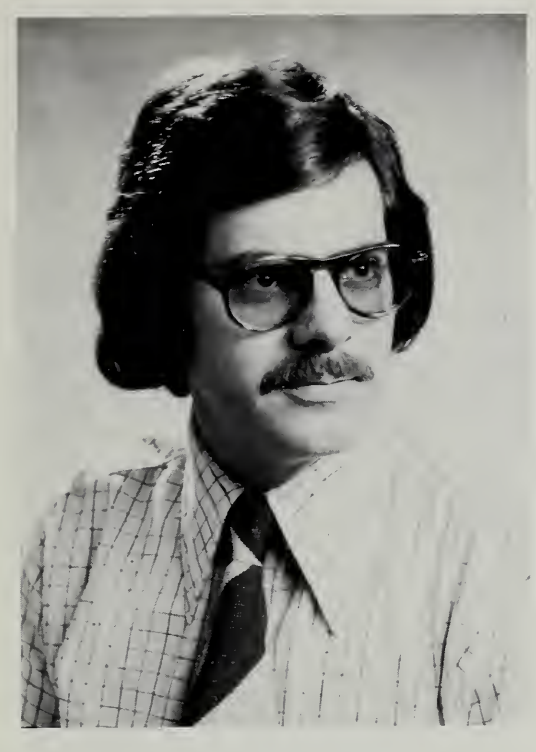
Presbyterian-University of Penn. Med. Center
Philadelphia, Pennsylvania
Straight Medicine Internship

David's penchant for meteorology is finding expression in his compilation of the fourteen volume *Shiling's Almanac*, to be published by March 23, 1995.

Barbara Wirtz Siskind

University of Maryland Hospital
Baltimore, Maryland
Pediatrics Residency

Barb graduated from the University of Maryland with a B.S. in zoology and a minor in art history. Gourmet cooking, eating, traveling, and bridge are leisure activities which she and Bob enjoy. She plans a career in pediatrics and may specialize in either ambulatory pediatrics or adolescent medicine.



Joel Myron Snyder

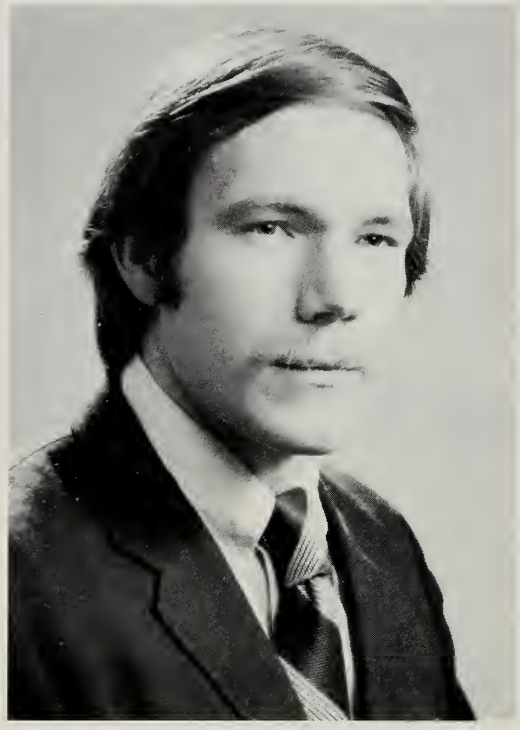
Univ. of Colorado Medical Center
Denver, Colorado
Pediatrics Residency

When young I was read a poem, "What little Boys and Girls are Made of." Thinking there must be more to it than just sugar, spice, snails, and puppy dog's tails, I went from College Park to graduate school to medical school adding a few bits and pieces of information to the list as well as finding kids fun to work with as well as learn about. I managed along the way to do a little research and a little teaching. I became involved in curriculum reform and was even elected as a member of A.O.A. With the continued encouragement from a patient wife and a delightful daughter, I think I'll continue playing with kids and adding to that list.

Gerald Paul Sterner

University of Maryland Hospital
Baltimore, Maryland
Family Practice Residency

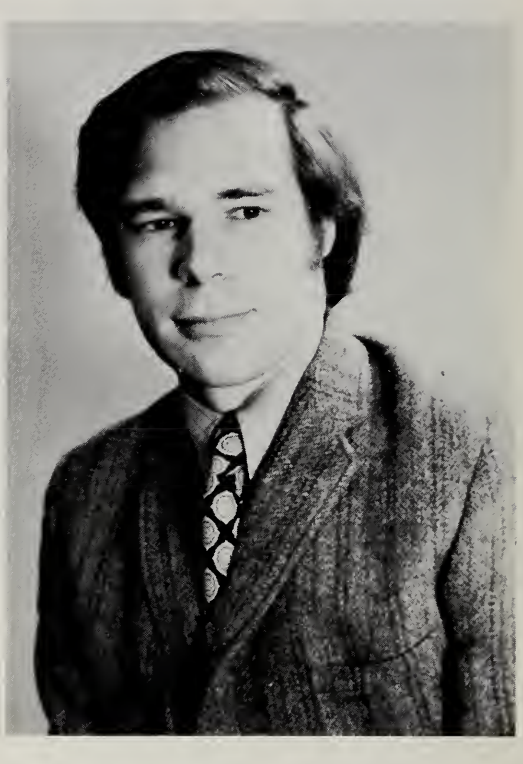
Graduate of Ursinus College. Past two summers did extern work at South Baltimore General Hospital. Plans family practice residency, then to establish family practice in Ocean City, Maryland.



Charles Edwin Stewart

Shands Teaching Hospital & Clinics
U. of Florida; Gainesville, Fla.
Surgery Residency

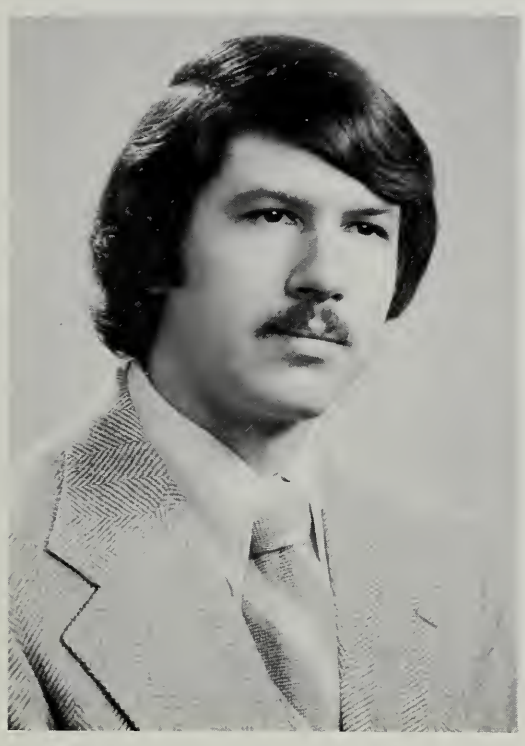
Charles received his B.A. at Washington & Lee U., where he was captain of the lacrosse team. Summers have been spent in orthopedic research at Johns Hopkins and in an externship in surgery at Boston U. Senior year he externed at Nuffield Orthopedic Centre, Univ. of Oxford, England. He was also V.P. of our class. Orthopedic training lies in the near future.



Robert Bailey Stifler

Montreal Children's Hospital
McGill U.—Montreal, Quebec, Canada
Straight Pediatrics Internship

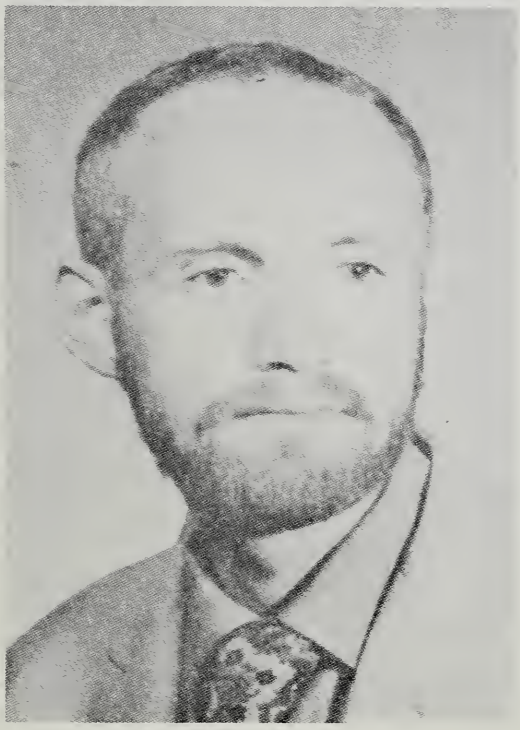
Bob is a graduate of Princeton University with an A.B. degree in religion and literature. He has been a member of the Student Council, SHO, and the Ambulatory Care Committee. One summer was spent at the Community Pedriatric Center with a community medicine fellowship and another in pediatrics at the Royal Hospital for Sick Children in Edinburgh, Scotland. Bob will spend the next few years in a pediatric training program. Future interests may involve community medicine, public health, and child psychiatry.



Ira Michael Stone

Mercy Hospital
Baltimore, Maryland
Straight Medicine Internship

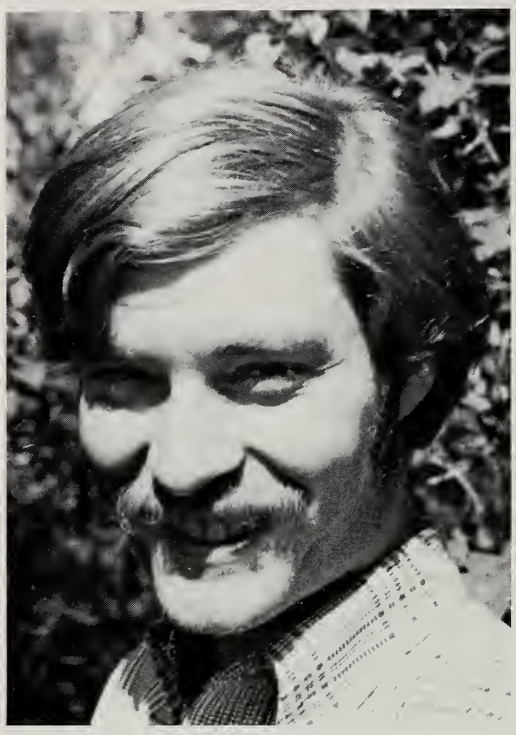
Ira received his undergraduate degree (B.A.) at Johns Hopkins University. Most notably, he is a recent winner of the Health Professions Academy Awards for Best Director, Best Film Editor, and best Film. He anticipates a career in Internal Medicine.



Mark Solomon Swierdsiol

University of Maryland
Baltimore, Maryland
Family Practice Residency

Even as a child I had pupils which reacted both to light and accomodation.



Michael David Talbert

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Mike received his undergraduate degree from the University of Maryland, College Park. Michael spends a certain amount of his time passing unsuspecting motorists on his 'cycle . . . you may have already had it happen to you. (Editor).

Ronald Joseph Taylor

University of Maryland Hospital
Baltimore, Maryland
Psychiatry Residency

Ron received his B.A. in psychology from Washington and Jefferson College and an M.S. in psychology from Yeshiva University. While in medical school, his spare time was spent in work with drug addiction and with his hobbies; flying, amateur radio, and collecting rare psychiatry books. He is a member of Phi Delta Epsilon. His summers were spent as a medical extern at Sinai Hospital. Ron will begin a residency in psychiatry in July.

Thomas Stokes Templeton

Akron General Hospital
Akron, Ohio
Straight Surgery Internship

Tom came to us from Wake Forest University where he received a B.S. degree in biology. He has recently returned from England where he studied surgery. Thanks go to his wife Mary for the patience she has shown while awaiting graduation day.

Harold Jeffrey Tucker

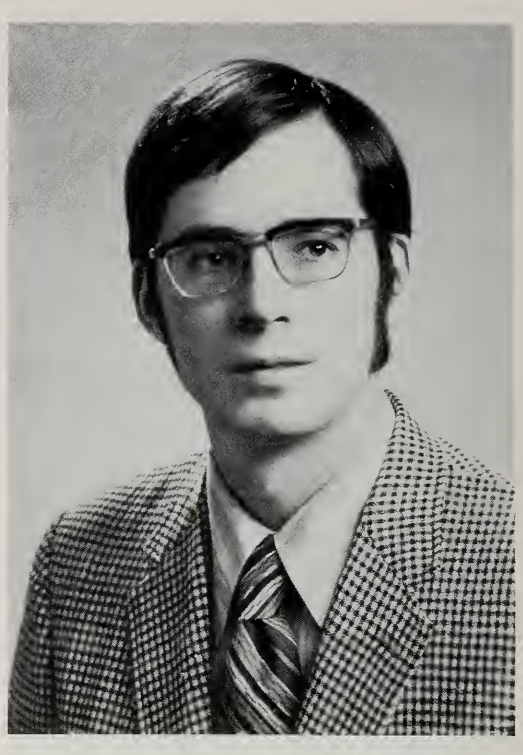
University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Harold spent his summers working in the Department of Neurology and Pulmonary Medicine and will be starting a straight medical internship in July. His career ambition is to be a "big honcho."

Roberta Harriet Tucker

St. Agnes Hospital
Baltimore, Maryland
Pathology Residency

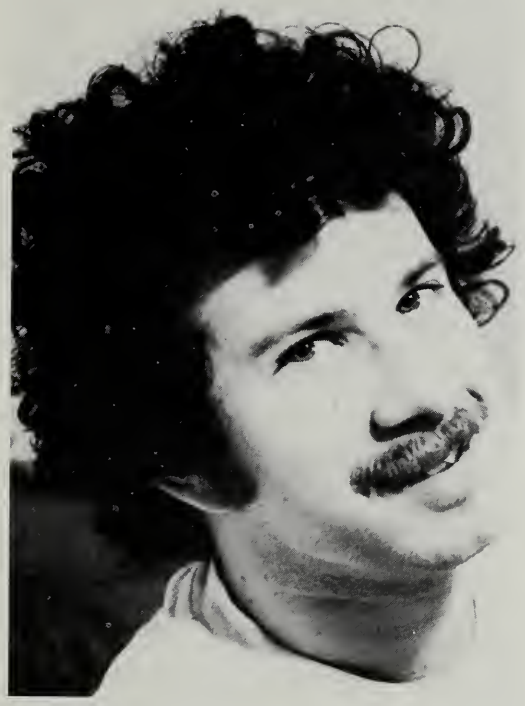
Robin has spent her spare time doing research in Rickettsial immunology, working at the CPC, cooking, and doing needlepoint. She will be entering a residency program in pathology this July.



David A. Van Echo

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Dave received his B.S. from Xavier University. His summers were spent in fellowships doing hematology and medical oncology. He plans a straight medical internship and residency.



Allan Jack Wagman

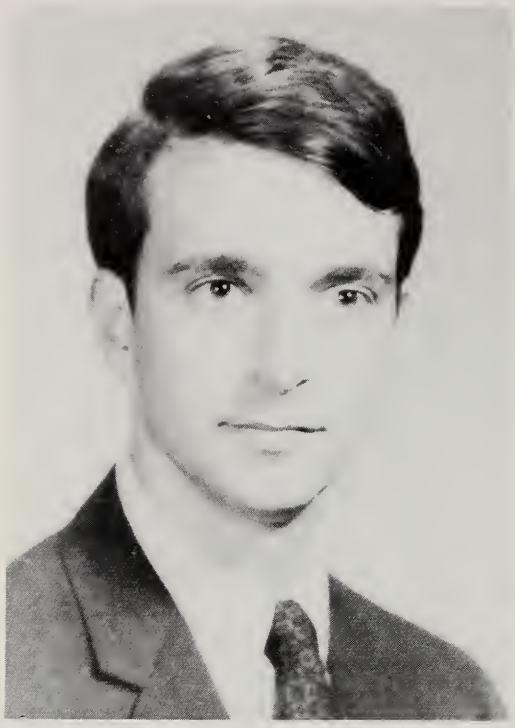
Hospital of the Good Samaritan
Los Angeles, California
Rotating Internship

Allan received his undergraduate degree from Emory University. California is beckoning . . .

Charles Barnes Watson

Milton S. Hershey Medical Center
Hershey, Pennsylvania
Rotating Internship

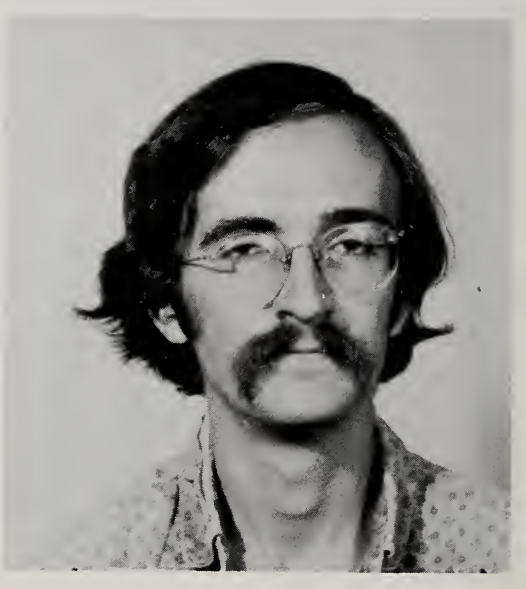
Charles, an adopted resident of Annapolis, Maryland, went to St. John's College in that city and likes to think that he grew up enough there to channel a vague desire to help others into the "real" world of medicine. He plans a rotating internship and a good look around in the process. His ambition: to do a little everyday that will make things better in the future.



Richard Morris Weisman

University of Maryland Hospital
Baltimore, Maryland
Straight Medicine Internship

Apgar at birth: 9 at 1 minute
Harvard College B.A. in biology
Summers: public health and anesthesiology
Wife: Carol S., recent Ph.D. in sociology from Hopkins
Apgar at present: 4 with failure to thrive



John Lee Whitlock

Kings County Hospital Center
Brooklin, New York
Straight Medicine Internship

Jack received his undergraduate degree from Rennselaer Polythechnic Institute. Despite rumors to the contrary, Jack is not a Federal Narcotics Agent . . . (Editor)

Alan Lawrence Whitney

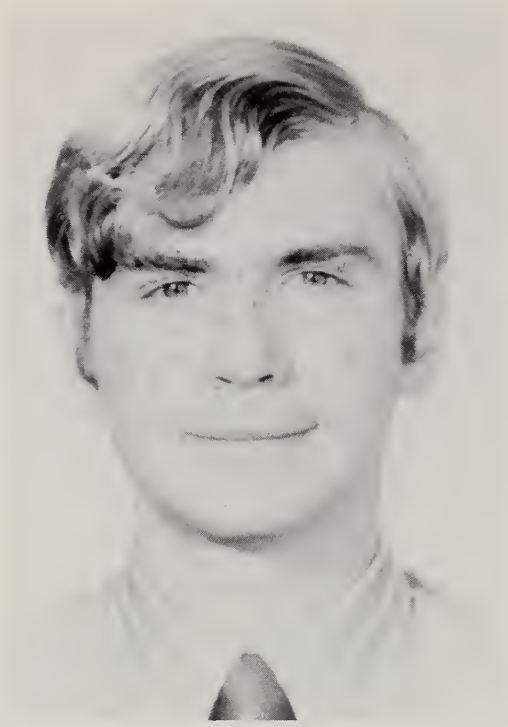
Presbyterian-University Hospital
Pittsburgh, Pennsylvania
Straight Surgery Internship

Sent to us from the University of Wisconsin, kayaker Al, our gift to the 1972 Olympics, plans a career as a bone cutter and a long happy life with his bride-to-be, M's Mary Ann Asay.

Frances Quing Wong

St. Mary's Hospital and Medical School
San Francisco, California
Rotating Internship

Frances is a B.A. recipient from the University of Maryland, College Park. She participated in the Pediatrics Program freshman and sophomore years. Junior year was highlighted by a family practice preceptorship.



Douglas Brian Woodruff

University of Maryland Hospital
Baltimore, Maryland
Psychiatry Residency

After four years as an undergraduate in idyllic Hanover, N.H., where I earned an A.B. in chemistry and learned how to ski, I returned to Baltimore somewhat unprepared for the vicissitudes of life as they exist in the environs of Lombard and Greene Streets. While in medical school I have been a member of the Family Practice Club and spent one summer as a medical-surgical extern at South Baltimore General Hospital. This July I plan to begin a psychiatry residency and am considering adolescent psychiatry as a specialty.

Michael Peter Zimring

Mercy Hospital
Baltimore, Maryland
Straight Medicine Internship

Always early for rounds — cafeteria rounds. Pops up at the most inappropriate times with his minox. Got his inspiration for cardiology while in the southwest.

Closing the generation gap: Dean Moxley and Nelson Goldberg headed for senior dinner, May 30, 1973.

HEALTH BULLETIN

STUDENT HEALTH ORGANIZATION VOL II NO 3 MARCH 1971

University of Maryland
School of Medicine
March 11, 1971

Dear Dr. Henderson,

The Sophomore Class is very disturbed that twenty-six people failed the first semester examination given by the Department of Preventive Medicine and that letters were sent to these people by the Dean's office strongly implying that they might not progress to the third year unless they passed this course.

While we feel that the subject matter of Preventive Medicine is relevant to medical practice, we do not feel that it should be a pre-requisite for progression to the third year. The seminar type format is good since it allows students to obtain the pertinent information without the ritual of exams, grades, and threats of failure.

To emphasize our feeling that no one should fail this course, the class will not take the final examination in June. In order to communicate the solidarity of our feelings, we will not attend any seminars given by the Department of Preventive Medicine on Monday, March 15, 1971.

The dissatisfaction of at least two successive classes has now been expressed. The School of Medicine should note this and cease using Preventive Medicine as a criterion for advancement.

Yours sincerely,

The Class of '73

GREETINGS TO THE GRADUATES, CLASS OF 1973

FROM THE MEDICAL ALUMNI ASSOCIATION, UNIVERSITY OF MARYLAND!

The Welcome Extended Each Graduate is Cordial, Warm, and Genuine.

YOU ARE NOW ACTIVE MEMBERS OF OUR ASSOCIATION WITH DUES REMITTED FOR TWO YEARS AND SUBSCRIPTION TO THE BULLETIN PAID FROM ASSOCIATION FUNDS.

WE, THE ALUMNI OF THE SCHOOL OF MEDICINE OF THE UNIVERSITY OF MARYLAND, DESIRING TO FURTHER THE INTEREST AND ADVANCEMENT OF THE UNIVERSITY OF MARYLAND SCHOOL OF MEDICINE AND TO PERPETUATE THE ASSOCIATIONS MADE DURING THE MEDICAL SCHOOL PERIOD, DO HEREBY ADOPT THIS CONSTITUTION FOR THE GOVERNING OF THE MEDICAL ALUMNI ASSOCIATION.

YOU ARE URGED TO KEEP YOUR ALUMNI ASSOCIATION INFORMED OF ANY AND ALL CHANGES OF ADDRESS.

It is a pleasure to add our compliments to the graduating class of the University of Maryland School of Medicine. You are now entering the old and honorable profession of medicine and we have faith you will fully serve its high ideals and traditions.
